FIND GOLD NEAR L.A. REPORT

Discovery in Santa Monica Mountains Bared as Assayers Give Data

OIL PROSPECTORS FIND HEAVY VEIN

Ore Is Said to Average \$59.95 Per Ton Under Test of Experts

By FRANK H. BARTHOLOMEW
United Press Staff Correspondent
LOS ANGELES, Sept. 23.—What the leading assaying firm of Southern California predicted as the biggest gold strike in the history of the state, surpassing even the great "days of '49" has been discovered in the Santa Monica mountains.

The discovery was made a year ago by two Los Angeles men seeking oil. The year has been spent in constant assays of the ore and surveys of the great vein itself. All activities have been guarded in deepest secrecy until the final assay report was made today, and its findings disclosed to the United Press.

Averages \$59.95 Per Ton
The ore averages \$59.95 a ton, this report says. There are said to be millions of tons "in sight" along the vein, which stretches through the Santa Monica mountains for three miles, varying in width from 25 yards to three thousand yards.

The assay was presented to the discoverers of the great vein by Smith and company of Los Angeles. It was re-checked and verified by the A. M. Beam company of Denver.

Dr. W. T. Covington, a Los Angeles dentist, and Nick Everett, a "desert rat" are the men who will be made multi-millionaires almost overnight if the great ore vein runs "true to form."

Dr. Covington and Everett were tramping the Santa Monica mountains a year ago, searching for oil indications. They became interested in a ledge of shale on the vast Kincaid-Decker properties.

The shale was sent to Denver to be assayed for oil. Gold, instead, was found. More shale samples were sent for assay. The gold average at first was established at \$40 a ton, according to Dr. Covington. Re-checks were secured from other assayers in Colorado and California. The reports are said to have been identical.

The two discoverers then quietly leased all available land in the area, ostensibly in the interests of a "wild cat" oil concern. Today they claim to hold two thousand acres of leases and claims, and to hold almost sole ownership of the great shale vein.

A general stampede to the Santa Monica mountains, in spite of the fact that all valuable claims are said to have been secured, was predicted by Nick Everett to follow publication of the sensational news.

"I have been through gold strikes before," said the rugged old man, who believes he has discovered the greatest strike of all.

"Our shale holdings carry what is known to the old timers as 'flour gold,'" Dr. Covington told the United Press.

"It cannot be detected by the naked eye. A miner could pan it for a thousand years and not obtain a trace of 'color.' It can only be extracted from the shale by the application of intense heat. That, I believe, is why this rich board of wealth has remained undiscovered in the mountains all these years, only twenty miles or so from the city of Los Angeles."

HIRED ASSASSIN IN SLAYING CONVICTED

CLEVELAND, O., Sept. 23.—Salvatore Cala today was found guilty of the murder of Dan F. Kaber, wealthy Lake Wood publisher.

The jury recommended mercy. Cala confessed to the police that he held Kaber's hands while another hired assassin stabbed him twenty-four times. Mrs. Kaber is serving a life sentence in the Marysville reformatory for planning the murder. Cala will probably be sentenced to life imprisonment.

Government to Assess Tax on Contraband Booze Supplies, Word

CHICAGO, Sept. 23.—Millions of dollars in taxes will be assessed against owners of contraband liquor after which prosecution will follow, it was learned here today.

Internal revenue taxes on liquor have never been repealed. The flying squadron of twenty federal agents that "mopped up" New York, Indianapolis and Chicago was sent out from Washington to assess taxes and get evidence for prosecution, the United Press was reliably informed.

The squadron is scheduled to mop up San Francisco next, it was said.

DAUGHERTY TO LAUNCH PROBE OF KLAN ACTS

Attorney General and Secret Service Agents Ready to Air Secrets of Organization.

WASHINGTON, Sept. 23.—Attorney General Daugherty will probe the innermost secrets of the Ku Klux Klan in order to determine whether the organization is a menace to law and order, it was said at the department of justice today.

Reports from the federal agents on the activities of the Klan already are coming into Daugherty's office. Daugherty and William J. Burns, chief of the federal bureau of investigation, are awaiting reports from other parts of the country before making public the nature of the findings.

Tia Juana Race Track Subject of Warm Clash

SAN DIEGO, Sept. 23.—Officials of the Zarcos Investment company, who claim ownership of the Tia Juana race track, today emphatically denied the reports circulated by James Croffoth that the track would re-open Thanksgiving day.

According to a wire received from Jerome A. Bassitt, who is awaiting the decision of the supreme court in Mexico City, no settlement whatever has been made and the battle is still on for possession between the Bassitt and Croffoth factions.

Croffoth, who is also in Mexico City, wired Jockey club officials here, setting the opening Thanksgiving day of a 100-day meet, and he and his officials are going ahead with their scheduled plans.

HELD IN COUNTY JAIL ON BAD CHECK CHARGE

Dean Corbett was arraigned in the justice court here this morning on a charge of passing a bogus check. He pleaded not guilty and his preliminary hearing was set for October 5 at 3 p. m.

Corbett is being held in the county jail in default of \$1,000 bail.

TRIAL DEFERRED

Pasquel Perez, Mexican, held here on a charge of vagrancy, was to be given a trial in the justice court this afternoon. He was scheduled to go to trial yesterday afternoon, but was overlooked for some reason.

Perez went to Los Angeles to celebrate a Mexican holiday. He got off a train at the Santa Fe depot about 3 o'clock last Saturday morning and intimated to an officer that he was afraid to go home in the dark. He lives at Smeltzer.

S. F. Beauty Shoots Heiress, Kills Self; Blames 'High Life'

United Press Leased Wire
NEW YORK, Sept. 23.—Driven mad by the "high life" of New York, Miss Grace Lawes of San Francisco, early today shot and seriously wounded Miss Mildred Hanan, 24, heiress of the Hanan millions, and then committed suicide.

The shooting occurred on the sidewalk of Schermerhorn street, Brooklyn, as Miss Hanan and John S. Borland, an export, emerged from the residence of a friend where they had spent the evening.

Miss Lawes, who was an old chum of Miss Hanan, suddenly confronted them and started shooting. Miss Hanan, with bullets in her arm and chest, ran a few yards and then collapsed on a doorstep.

The other woman put the muzzle of the pistol in her mouth and pulled the trigger. She fell dead in an arway.

The first theory was that Miss Lawes was in a jealous frenzy when she tried to kill Miss Hanan. It was learned that Borland had been friendly with both women, that the women had quarreled and that for several days Miss Hanan had been

Osborne Pledges Port Aid

OFFICERS HERE AID IN SEARCH FOR SLAYERS OF DEPUTIES

While authorities at Pomona took into custody early today a Mexican thought to have been one of the two bandits who near Riverside late yesterday shot and killed Deputy Sheriff Henry F. Nelson, and seriously wounded 17-year-old Martin Helm, Orange county deputies co-operated with posses in two other counties in one of the most determined man-hunts in the history of the state.

Word of two Mexicans having been seen boarding a freight train at Olive caused Sheriff C. E. Jackson to dispatch to that place Deputy Sheriff's Vernon ("Shorty") Meyers, Hank Warner and Lester Crowl.

They were to work their way northward through Santa Ana canyon in search of suspicious characters.

Suspect Known Here
At the same time, Sheriff Jackson stated that one of the suspected murderers, Petrolino Negreta, was undoubtedly the same man who was held here for a few days last June.

There was no charge against the man. He was held as a witness in a shoplifting case and dismissed after testifying. The man's description tallies almost identically with that of Negreta, Jackson said.

As to the Mexican arrested at Pomona, dispatches said police there early today were notified by telephone from Colton that the suspect was aboard an incoming freight train from Arizona. The train was searched immediately upon its arrival at Pomona this morning. The Mexican surrendered without a fight.

Stage Gigantic Drive
Meanwhile, a gigantic drive was being carried out in the country about Riverside, Colton and San Bernardino. Poses numbering more than 100 men, all heavily armed, were searching for the murderers.

Jackson's action in sending deputies to Olive resulted from a call sent here by the constable there. This officer stated that two Mexicans were observed boarding a freight train as it passed through the place.

The train was headed east. A man who saw the Mexicans said they climbed into a gondola car while the train was moving, according to word telephoned to Jackson.

Up to an early hour this afternoon, no word had been received from Jackson's deputies.

The big manhunt was spurred on by the fact that the board of supervisors of Riverside had posted a reward of \$1000 for the capture of the killers.

Swears to Complaint
Young Helm had sworn to a complaint charging the two Mexicans with stealing hay. The two deputy sheriffs went to Buville, three miles west of Riverside.

In Helm's auto, the deputies went to the Mexicans' shack. As Nelson started to get out of the automobile one of the Mexicans fired through the window of the shack and the deputy dropped, suffering from a wound that caused his death an hour and a half later.

Jumping out of the machine, Crossley rushed to Nelson's aid. He was also shot down. Death was instantaneous.

Helm was shot in the abdomen.

Borah Plays Lone Hand in Fight on New Peace Pacts

By FRAZER EDWARDS
United Press Staff Correspondent

WASHINGTON, Sept. 23.—With two reservations attached the senate foreign relations committee today reported to the senate for ratification the three new peace treaties with Germany, Austria and Hungary.

The vote of the committee was 9 to 1. The reservation was designed to meet partially the objections against the new treaties raised by Senator Borah, Idaho. This concession, however, did not satisfy the irrecconcilable leader and he cast the only vote against reporting the new pacts.

Borah indicated that he will carry his fight to the senate floor. The reservation is similar to that offered by Senator Lodge to the treaty of Versailles. It prevents the appointment of an American representative on any international body set up under the treaty, without the expressed consent of congress. It was offered by Senator Borah.

Borah virtually is demanding that two Lodge reservations to former President Wilson's treaty be attached to the Harding pact. Borah's contentions around which the discussion of reservations revolve are:

1—The United States would be morally, if not legally bound to maintain troops in Germany for an indefinite period under the terms of the treaty.

2—The United States would be involved in European political affairs for years, should the executive appoint Americans to sit on international bodies set up under the Versailles treaty.

LODGE FACES FIGHT FOR LEADERSHIP AS BILL MEETS DELAYS

By L. C. MARTIN
United Press Staff Correspondent
WASHINGTON, Sept. 23.—Senator Lodge is to give one "last chance" to prove himself an effective leader of the Republican majority in the senate, a number of determined Western and Middlewestern Republicans have decided.

If Lodge fails to pass the test re-organization of the present leadership is certain, these senators declare. This re-organization would rob Lodge of everything but the courtesy title of leader.

The test Lodge must pass, according to dissatisfied senators, is speedy disposition of the administration's important legislative program, including the treaties of peace, the tax and tariff bills and railroad refunding bill.

If any change in leadership is made it probably will be about the time Lodge is forced to relinquish some of his senate duties to devote his attention to the disarmament conference.

Dissatisfied senators think the leadership re-organization is inevitable if public business is to be attended to promptly. They pointed out these facts today in support of their belief:

That with the administration program hanging fire, Lodge permits the fight on the anti-union bill to be resumed to the exclusion of other business.

That Lodge's lack of aggressiveness threatens to let opponents of the administration's treaties subject the senate and the country to long delay in settling the peace treaties. Lodge has already indicated a willingness to discuss reservations.

That Lodge, as majority leader, and Cummins, of Iowa, as president pro-tem are both too old for the duties of leadership.

FRENCH CHIEFS READ ARMS PARLEY AGENDA

PARIS, Sept. 23.—The agenda of the Washington disarmament conference was discussed at a cabinet meeting today.

Although there has as yet been no official comment upon the tentative agenda received from the state department at Washington, it was understood that modifications of the clause concerning the limitation of land armaments will be asked by France.

Marshals Poch and Fayolle have been called to a conference.

OTTAWA, Ont., Sept. 23.—Miss Cecile Leitch, French champion, defeated Miss Alexa String, Atlanta, Ga., in the ladies' Canadian championship tournament, on the River-wood course here today. Miss String played a brilliant game but was overcome by her opponent's superior putting.

BIG FUTURE FOR COUNTY HARBOR IS FORECAST BY SOLON

Congressman H. Z. Osborne, of Los Angeles, following a trip of inspection over Orange county's harbor today, placed himself squarely behind endeavors looking to securing federal aid for the local port.

Asked as to whether, in view of what he now knew of the harbor, he could consistently urge government appropriations for improvements at Newport, Osborne, who is a member of the rivers and harbors committee of the house, said:

"I certainly could, and would be glad to do so."

Osborne was one of a party of twenty-eight that made a boat trip over the harbor. In the party were members of the board of supervisors, Orange County Harbor association, harbor commission, and others.

Expressing himself as being deeply impressed with the possibilities of a great harbor at Newport, Congressman Osborne said:

"I am surprised at the big improvements that have been made since I visited the harbor two years ago."

"This project is of vast importance to all of Southern California—this beyond its importance to the territory immediately contiguous to the harbor."

"I see no conflict between the development at San Pedro and Newport, as both projects are essential and both will be in great demand in the future through development certain to come in Southern California."

Osborne declared Orange county's harbor to be one of the best landlocked ports on the coast.

The party took luncheon at the Newport Harbor Yacht club.

The boat ride took the party to the harbor entrance; up the channel to the proposed turning basin and up to the head of the bay, or lagoon.

91ST DIV. VETERANS GATHER IN SEATTLE

SEATTLE, Wash., Sept. 23.—More than 1200 veterans of the 91st (Wild West) division, are expected in Seattle tomorrow to attend the second reunion of their famous overseas "outfit."

SAN DIEGO POLICE CASE UNDER PROBE

LONG BEACH, Sept. 23.—Admiral Eberle, commander of the Pacific fleet, left here last night on a destroyer for San Diego to investigate reports that enlisted men had been used by the police department of that city as "stool pigeons" in campaigns against crime. The inquiry has been ordered by Secretary of the Navy Denby.

Soviet Rulers Admit Failure; Will Back Private Industries

MOSCOW, Sept. 23.—"The Soviet government has decided to return to private capital all industries throughout Russia save four—railways, metallurgical, textile and fuel sources," M. Kamenoff, head of the Moscow Soviet and member of the Bolshevik cabinet, declared in an exclusive interview with the United Press today.

Kamenoff declared Russia is on the eve of a national reorganization of a most sweeping character, which will include re-installation of a large part of the capitalist machinery abolished in the revolutions of 1917.

Kamenoff, who was formerly Russian trade representative in London and now is one of the real powers in the Bolshevik government, told the story of Russia's realization that Communism could not be attained at a single bound and of the determination of the present government to completely reorganize Russia's national and industrial life and to make way for capitalism.

"Private banking is to be restored in Russia, but on a co-operative basis," Kamenoff said. "The National Bank of Russia will open within a few days with a charter identical with that of

"Will arrive Sunday twenty-fifth with thirty shipwreck victims."

The Ybarra line, owners of the ship, immediately wireless for more details.

BRITISH FIRM AGAINST PLEA OF SINN FEIN

Cabinet Chiefs Gather For What May Be Final Conference In Irish Peace Tangle.

LONDON, Sept. 23.—The fateful and possibly final decision of the British government towards a peace conference with Sinn Fein was impending today.

British cabinet ministers, who had been called to Gairloch to confer with Lloyd George upon the reply which will be forwarded to Eamonn De Valera's latest note, insisting upon sovereignty but agreeing to a conference, were considering individually drafts of the proposed notes submitted to them by the premier.

Ireland, according to latest reports, looked forward hopefully to the British decision. Feeling of optimism ran higher in Dublin than in London, where strong opposition to conciliation as long as De Valera insists on Irish sovereignty has developed.

Ultimatum Is Sent Hungary In Border Row

PARIS, Sept. 23.—The allied ambassadors' council today sent an ultimatum to the Hungarian government, directing that Hungarian troops be withdrawn from Burgenland, the disputed territory on the Austrian border, within a few days.

Otherwise, the note says, "appropriate measures will be taken."

Burgenland is the disputed strip of territory on the border between Austria and Hungary.

It was recently ceded to Austria, but Hungarian troops and civilians seized the territory and attacked Austrians, causing an appeal to the Allies by Austria.

ASKS JURY TRIAL IN EMBEZZLEMENT CASE

Contrary to expectations a plea of not guilty was entered by R. N. Deck when he was arraigned in the superior court here on a charge of embezzlement. Officials predicted that he would plead guilty and ask for probation. Instead he demanded a jury trial.

Deck is alleged to have appropriated \$183.75 belonging to the Kaufman Spotlight company, while employed as a bookkeeper.

The defendant is wanted by San Francisco authorities on a charge of embezzling over \$400 from a hotel. No date has been set for his trial.

Hoyt and Coveleskie Let Opposing Batters Down With Six Blows

POLO GROUNDS, NEW YORK, Sept. 23.—New York won the first game of the "little world's series" here this afternoon when the Cleveland Indians went down to a four to two defeat.

Babe Ruth, king of swat, was the hero of a brilliant game. He failed to deliver one of his patented home run drives, but he scored three of the New York runs and started the run scoring rallies in each inning with a double.

Waite Hoyt, the boy wonder of New York, pitched a brilliant game. Outside of the fourth inning, when he was found for a single, a double and a triple, he had the hard hitters of the Indians swinging foolishly.

Stanley Coveleskie, the iron man of the Indians, would have beaten the Yankees without a Ruth in the lineup. In all excepting the fourth, sixth and eighth innings, when the Bambino started the trouble, the Cleveland spit-baller was in complete control.

The battle was witnessed by a crowd of 33,000, who started filing into the grounds at 11:30. Forty thousand are expected to attend the second game of the series, tomorrow, when Carl Mays, the underhand pitcher of the Yankees, is expected to oppose "Duster" Mails, the south-paw star of 1920.

S. A. Man Lauds Victims

"Two of the most fearless men I ever knew," said Chester A. Watkins today in telling of his long friendship with Nelson and Crossley. "My friendship with Nelson dates back to Spanish War days when we were both members of the old Company M of the Seventh Regiment. We were on the same firing squad and he was an expert marksman. They evidently were aware of that fact when they got him first."

It was under the late P. M. Coburn, father-in-law of Watkins, and for twelve years sheriff of Riverside county, that Nelson was first appointed a deputy sheriff, and later became jailer of the county. Crossley was for many years the Overland agent at Riverside and it was from him that Watkins bought his first car. At the time of his death, he was head of the Hudson-Edson agency. A skillful and fearless driver, and fearless in his encounters with men, he was always in demand when emergencies arose such as the one in which he met his death. He was first appointed a deputy under Sheriff Coburn.

Each man leaves a wife, Mrs. Crossley being a personal friend of Mrs. Watkins and an unusually charming woman. Nelson also leaves two children.

DECISION AS TO OIL STRIKE IS IN BALANCE

With C. R. Johnston, of Brea, district counsel of the Orange county oil workers' union, on the scene there, the question of whether there would be a state-wide oil strike hung in the balance today at Bakersfield.

Anxiety on the part of Orange county oil field workers was alleviated to a certain extent today when dispatches were received from Fellows, Kern county, stating that no general tieup of the California oil industry would be ordered by the international union until the latest mediation proposal of the federal board had been presented.

This proposal had been drawn up by Capt. C. T. Connel and E. P. Marsh, commissioners, dispatches said, and was expected to be presented today.

Chiefs Silent

Union officials, the advices stated, refused to commit themselves as to whether the general strike order would be stayed awaiting the outcome of the report of Special Investigator Hywel Davies to the department of labor, Washington.

A referendum vote taken by the oil workers authorized the union officials to issue this strike order if they saw fit, and the purpose of the special called meeting of the district council at Bakersfield is to make that definite decision.

It is declared that the order, if issued, would tie up practically every oil field, pipe line system and refinery in California.

The area already affected by the strike is made up of Taft, Fellows, Kern river, Maricopa, Coalinga, McKittrick and Lost Hills, while the district which would suffer if the walkout becomes a certainty would include Huntington Beach, Simi, Whittier, Brea, Fullerton, Santa Paula, Fillmore, Ventura, Santa Maria and possibly Signal Hill.

Denies Charges

Dispatches received today from Taft state that Harry Baker, in direct charge of the strike, made heated denial of the charge that the strikers were resorting to sabotage in the Bakersfield district.

"These charges are absolute falsehoods, and it is very easy to see where they are inspired," Baker said. "We are not damaging the oil properties. We are protecting them to the very limit. No sane men would destroy an industry upon which they depend for livelihood. We are as much interested in the oil wells as are the operators."

"It's a known fact that we have deported over 200 I. W. W.'s from this district since the strike trouble began. We can't take chances on having radicals destroy property when the blame would be immediately placed upon us, and the general issue clouded."

Ran Radicals Out

"We've run the radicals out with less courtesy, possibly, than some of the strike-breakers have been accorded."

"The thousands of union men in this district sincerely resent the charges that they are ruining oil properties for revenge."

City and County

Orange county will receive \$59.82
from the state as the result of the
distribution by State Controller R. L.
Riley of \$132,406.90 received by the
United States forest service from
lands in forest reserves.

Charles Longmire, 530 South Ross
street, is recovering nicely today.
He was seriously injured yesterday
when the crank of his automobile
struck him in the face, splitting his
nose, when the engine backfired. It
was necessary to take six stitches to
close the wound.

The Rev. James H. Hughes, who
will be assistant pastor for the next
conference year of the First Meth-
odist church, is expected to arrive in
the city today. For the past two
years the Rev. Mr. Hughes has been
assistant pastor in the First Metho-
dist church in Phoenix, having spe-
cial charge of the social activities
of the young people and the finances
of the church. While in Phoenix he
organized the Boy Scouts and the
Campfire Girls. The Rev. Mr. Hughes
comes highly recommended by all
who know him, and the committee
of selection believes it has secured
a first-class pastor. He will look
after much the same interests in the
Santa Ana church as he handled in
Phoenix.

County Treasurer J. C. Joplin and
Frank Sawyer left today on a second
hunting expedition into Bell canyon.
The early part of the week Joplin
shot a three-point buck. He sent the
head of the buck to Los Angeles,
where it will be mounted, then re-
turned.

Revival meetings which are being
conducted at the corner of Bush and
Second streets, under the auspices of
the Church of the Brethren by Rob-
ertson and Williamson, gospel evan-
gelists, are progressing nicely, it was
stated today. Crowds are growing
and interest is increasing. The gen-
eral public is invited to these meet-
ings, which are said to be very
pleasing. Special delegations are ap-
preciated. There will be a delegation
tonight from Pasadena, with special
singing and music. The meetings are
held every night at 7:30 o'clock.

Experiences of Miss Viola Hill, in
the foreign mission field, will be re-
lated at the First Baptist church,
on Sunday night at 7:30 o'clock, the
regular hour for the evening service.
Miss Hill was sent to the Baptist
mission at Ningpo, China, as a repre-
sentative of the local church, and
her vacation, which she is spending
with her family in this city, is
homecoming to the church as well.
Her friends are invited to be present
Sunday night to hear her lecture,
which will be illustrated with stereo-
scopic pictures of her activities in
Ningpo.

Brigadier and Mrs. Boyd, of the
Salvation army, are to hold special
meetings tomorrow and Sunday at
the tent on Sycamore, near Third
street. Swearing in of soldiers and
an old-fashioned "Hallelujah time"
are scheduled and all are invited.
The seats are free.

A special dinner held at the Cherry
Blossom cafe marked the regular
monthly meeting of the Efficiency
club of the Orange County Ignition
works last night. Following the din-
ner the assembled members went to
the shops here, where they listened
to an excellent address by L. H. Bon-
nett, who is well named the "business
doctor" of the Automobile Trades
association. He is one of two men
employed by the California Jobbers
association to travel throughout the
state and assist the members of the
trades' association in any way possi-
ble. His talk before the Efficiency
club last night was on the future of
the automobile and accessory busi-
ness. He offered many valuable sug-
gestions for improvements in many
forms.

At the meeting of the Royal Arch
Masons held last night by the Santa
Ana chapter, No. 73, a number of
the members took the work in the
degree of most excellent masters. The
Orange Grove chapter of the Royal
Arch Masons conducted the work.
Refreshments were served after the meeting.

Many Santa Ana and Orange county
residents are interested in the
Minnesota picnic reunion to be held
in Sycamore Grove park, Los Ange-
les, tomorrow. There will be a bas-
ket dinner at noon, hot coffee and
souvenir silk badges will be fur-
nished. The festivities will last all
day. A large attendance is assured,
as the Minnesota picnic has been the
largest, except Iowa, state picnic held
in the last two years. It is hoped
that this year the Minnesota picnic
will take first place.

Orange high school's gridiron
squad will play its first game of the
season with the Sherman Indians at
Riverside next Monday. It was an-
nounced at Orange today. H. M.
Davis, new Orange coach, is con-
fident of developing a good pigskin
squad this season.

FOREIGN WAR VETS
BATTLE FOR OFFICE
DETROIT, Mich., Sept. 23.—The
"battle" for the office of national
commander-in-chief of the Veterans
of Foreign Wars was to start here
late today, when delegates to the
twenty-second national encampment
in session here elect their officers.
Capt. R. C. Woodside, of Pitts-
burgh, present commander, is seek-
ing reelection. Col. T. L. Haston,
half owner of the New York Ameri-
can league baseball club, will be
Woodside's chief opponent.

CANCEL OIL LEASE;
RANCHERS LOSE OUT

Hopes of owners of several hun-
dreds of acres of ranches east of Cy-
press and north of Stanton have
gone a-glimmering, for the Petrole-
um Midway Oil company, following
its failure to develop oil in a test
well there, has given notice to each
of the ranchers canceling the Pet-
roleum Midway lease.
The leases were taken last spring,
some of them in February, some as
late as April. Under each lease, the
Petroleum Midway agreed to put
down a test well not less than 3500
feet.

Among those to whom cancellation
notices have been given are Dr. L. C.
Deming, H. M. King, G. A. Parks,
David Holder, C. E. Wilcox, D. P.
Beougher, G. M. Shear, William Ab-
planalp, W. H. Coughran, E. J. Salt-

MANY STOCKS JUMP
ON EXCHANGE LIST

NEW YORK, Sept. 23.—The Sun's re-
view said this afternoon:
The recovery in stocks carried consid-
erably further today, although the ad-
vance was not uniform. The buying
movement while it lasted embraced a
wide number of issues than heretofore,
suggesting a broadening of outside in-
terest and a less artificial market than
has existed recently under pool manipu-
lation of a few conspicuous issues.
An interesting item in the news was
the compilation showing that building
contracts awarded in twenty-seven
states during the week ended September
16 amounted to nearly \$70,000,000, the
largest figure for any week this year.

NEW YORK STOCKS
NEW YORK, Sept. 23.—The whole
list of stocks was buoyant in the early
trading on the New York stock ex-
change today.

Baldwin Locomotive led an upward
movement and made an early high at
\$3, over five points up from this week's
low.
Steel Common was another leader,
making an early high at 79 1/2, compar-
ed with a high this morning of 80 1/4.
Asphalt's early sales went over a
point and Mexican Petroleum sold at
194 1/4, up 6 1/4 points from Thursday's
low.
D. L. & W., continued to lead the
rally and went to 111 at the opening.
Southern Pacific gained 3-8 at 79 1/4.
Opening prices included:
Central Leather, 28 3/8, up 5-8; Read-
ing, 72 5/8, up 3-8; Studebaker, 75 1/4,
up 5-8; General Electric, 124 1/8, up 1-4;
American Locomotive, 90 1/2, up 1-2;
Pan American, 48 3/4, up 3-4; Ameri-
can Woolen, 75, up 1-4; New York Cen-
tral, 73, unchanged.

The market closed irregular.
While rails sold off in the early part
of the fourth hour, they held well
above Thursday's close. There were
reports of favorable developments to
come from Washington in a few days.
Consolidated Textile was under pres-
sure, selling down to 16 1/2.
Closing prices included:
Crucible, 63 1/2, up 1; Baldwin, 83 1/2,
up 1-4; Mexican Petroleum 193 3/4, up
3-4; Asphalt 51 1/4, up 1-4; Food Pro-
ducts, 9 3/8, off 1 1/8; Reading, 73 1/2,
up 1-4; Studebaker, 74 5/8, off 1-2;
Tobacco Products, 65 1/8, off 1-8; In-
ternational Paper, 50 1/2, up 2.

One of the nine who have applied
to County Clerk J. M. Backs was
born in Wisconsin, but became a
citizen of Canada. He is Frank L.
Freeman, aged 42, a rancher living
on Anaheim R. D. 4.

Others who have taken out first
papers are:

John P. Ban, 32, farmer, born in
Servia.

Thomas C. Brown, 42, sugar boiler,
of Huntington Beach, born in Eng-
land.

Ivar Pohjanlehto, 33, fumigator, of
Orange, born in Finland.

Jean L. Laborde, 24, laundry work-
er, of Santa Ana, born in France.

Carl Jepsen, 19, blacksmith, of La
Habra, born in Denmark.

GAME FROM INDIANS

(Continued from Page One)

to Wamby. One run, two hits, no
errors.

Fifth Inning
Cleveland—Wamby singled to
right. Wood sacrificed, Pipp to
Ward. Smith popped to McNally.
Gardner fanned. No runs, one hit,
no errors.

New York—McNally flied to Smith.
Schang walked. Hoyt forced Schang,
Coveleskie to Sewell. Miller forced
Hoyt at second. Sewell, unassisted.
No runs, no hits, no errors.

Sixth Inning
Cleveland—Sewell singled off the
right field wall. Johnston flied to
Meusel. Sewell out stealing, Schang
to Peck. O'Neill out, Ward to Pipp.
No runs, one hit, no errors.

New York—Peck fouled to Sewell.
Ruth drew two balls and then looked
at a strike. Ruth hit his second
at a strike. Ward came to the bat; Ward
hit the Cleveland second baseman,
but he didn't stop the game. Meusel
doubled to left, scoring Ruth. Pipp
singled through the box, scoring
Meusel. The Cleveland clan gathered
around Coveleskie. "Duster" Mails
was in the bull pen warming up
when Ward came to the bat. Ward
was out when Wamby took a hard
drive off Coveleskie's glove and
threw to first, Pipp reaching second.
McNally out, Sewell to Johnston.
Two runs, three hits, no errors.

CHICAGO BOARD OF TRADE
CHICAGO, Sept. 23.—Unfavorable re-
ports emanating from the wheat belt
coupled with increasing demands and
lack of supply caused fractional ad-
vances on the Chicago Board of Trade
today.

Provisions remained unchanged.
September wheat opened up 1-2 at
124 1/4 and gained an additional 3-4
later. December opened at 126 1/2, up
1 1/4, advanced 1-2 in later trading.
May opened up 3-4 at 130 1/2 and ad-
vanced 1.

September corn opened up 1-4 at 52-
1/4 and advanced 1-4 later. December
opened up 52 1/4, up 1/2, and remained
unchanged. May corn up 1-4, opened at
56 3/4 and gained 1-4.

September oats, opening unchanged at
35 1/8, advanced 1-4 at the close. De-
cember opened unchanged at 37 1/8 but
dropped to 37 1/4 later. May opened
unchanged at 41 7/8 and advanced 3-4
later.

RAIN THREATENS TO DELAY SEMI-FINALS IN GOLF CUP CLASH

ST. LOUIS COUNTRY CLUB, Clayton, Mo., Sept. 23 — Jesse Guilford, Boston, versus Charles Evans Jr., Chicago.
Robert Gardner, Chicago, versus Willie Hunter, Deal, England.

These were the pairings in the semi-finals of the national amateur golf championship tournament here today.
A torrential rain fell early today and threatened to delay the start of the matches.

100 WILL TESTIFY IN SLAYING TRIAL

United Press Leased Wire
ROSEBURG, Ore., Sept. 12 — District Attorney Neuner today armed Sheriff Starnes with 53 subpoenas for witnesses to testify in the trial of Dr. Richard Melvin Brumfield, charged with first degree murder for the alleged killing of Dennis Russell here July 13.

The trial date has been set for October 5.
Several witnesses will be brought from Calgary, Canada, near where Brumfield was arrested early in August.

The defense will probably equal the prosecution in the number of its witnesses, fifty names already being listed.

WOMAN IN ALLEGED MURDER CONFESSION

United Press Leased Wire
AKRON, O., Sept. 23 — "I wanted to make him suffer — I didn't want to kill him," Mrs. Minnie Derr told police today in confessing that she had slain her husband with acid.

Mrs. Derr was arrested shortly after the funeral of her husband, A. R. Derr, secretary-treasurer of a wholesale builders' supply house. Derr was burned with acid Monday night. He died Tuesday. Mrs. Derr received slight injuries. She had contended that she saw an intruder enter the house. Derr was unable to talk because of his burns. "I merely wanted him to pay in physical pain for the mental torture he had caused me," the woman sobbed.

"He would come home during the early morning hours and wake me to cook him a meal," the alleged confession said. "Sunday night he came home long after midnight. He woke me to prepare something for him to eat. Then he swore at me and went to bed."

"The late moonlight streamed through our bedroom window, on his sleeping face. I could not bear to think he could sleep so peacefully after he had treated me in such a manner. Then I thought he should suffer some."

"I went downstairs and mixed the lye and water. I splashed and threw it over his upturned face and the bed."

TESTIMONY IN DEATH CASE AIDS ACCUSED

United Press Leased Wire
SEATTLE, Wash., Sept. 23.—Plea for an immediate instructed verdict of not guilty was expected to be made today by Attorney Lee Johnston, counsel for James E. Mahoney, accused of murdering his aged bride, Kate Mahoney, and throwing her body in a trunk into Lake Union, near Seattle.

Witnesses late yesterday testified Mrs. Mahoney was seen alive an hour after the time her body was supposed to have been placed in the trunk.

Mrs. Mahoney, who owned valuable property in Minnesota, was killed a few months after her marriage.

Got the Real Thing

"For five long years I suffered with stomach trouble and what the doctors called gall stone colic, and all said nothing but an operation would do me any good. A friend who had taken your medicine advised me to try it, and found it to be the real thing. I feel better than I have in eight years and I am praising God for May's Wonderful Remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince, or money refunded. All druggists.—Adv.

PRIEST SLAYING IS CHARGED TO CONVICT

United Press Leased Wire
SAN FRANCISCO, Sept. 23.—District Attorney Franklin Swart, of San Mateo county, today characterized as a hoax the charge of the murder of Father Patrick Heslin, Colma, Cal., priest, placed against David Bender, Baltimore convict, at the instance of William Herron, attorney for William A. Hightower, now awaiting trial for the murder.

The complaint was sworn before Justice of the Peace Johnson at Colma yesterday by J. Harry Dunlap, a private detective, who declared that he had identified Bender as the "small, dark, foreigner," who figured in the descriptions of Father Heslin's abductor.

Miss Joyce Clark, witness in the Arbuttle case, was drawn into a second murder, when it was claimed that she was the fabulous "Dolly Mason," alleged to have given Hightower the clue to the location of the murdered priest's body.

Swart declared today Miss Clark denied all connection with the charges, and that she declared she had an alibi for Bender, who, in the custody of officers, is being returned to a Baltimore prison.

MRS. CUDAHY CAUSES ARREST OF ANNOYER

United Press Leased Wire
LOS ANGELES, Sept. 23.—Morris J. Condory, "mystery man," who has haunted the family of the late Jack Cudahy for many years, is under arrest here today awaiting examination as to his sanity.

Condory was arrested on complaint of Mrs. Edna Cudahy, widow of the millionaire packer's son, who committed suicide here in April.

Mrs. Cudahy said that Condory had annoyed her by "picketing" the beautiful Cudahy home on Hollywood boulevard.

The figure of Condory has been a "ghost" to the Cudahy family for nine years. In February, 1912, Condory, masked, forced his way into the millionaire's home in Pasadena, according to police records. He is said to have appeared again at their Kansas City home. He tried to kill Jack Cudahy at the Hotel Maryland in January, 1915, at Pasadena, and was lured to the police station. He was not held.

Condory is said to be the son of a San Francisco physician and member of one of the city's oldest families. His mother is thought to live in France.

Condory is 39, and is a mechanic. He is said to have served in the French foreign legion and to have been discharged in 1918.

Mrs. Cudahy told the police today she could ascribe no reason for the man's mysterious actions.

WITNESSES WILL BARE ARBUCKLE DEATH ORGY

By M. D. TRACY
(United Press Staff Correspondent)
SAN FRANCISCO, Sept. 23.—Evidence that Roscoe Arbuckle, movie comedian, assaulted Miss Virginia Rappe in an inhuman manner, causing injuries which resulted in her death, will be produced at his preliminary hearing on a murder charge today, District Attorney Brady announced.

Al. Semnacher, Miss Rappe's manager and formerly Arbuckle's close friend, is expected to make this accusation on the witness stand.

He will testify, Brady said, that after Arbuckle had taken the girl to his bedroom and torn off part of her clothes he attacked her with a piece of ice in such manner as to cause the injuries from which she died a few days later.

Mrs. Bambina Maud Delmont, who swore to the murder complaint against Arbuckle and Miss Zey Pyron, show girl, also were summoned as witnesses today.

Show Girl to Testify
Miss Pyron was to be questioned concerning the details of the gin jollification that preceded the alleged assault on Miss Rappe. Mrs. Delmont will cover the same ground.

Chief Counsel Frank Dominguez and other defense attorneys today were planning to secure Arbuckle's release through medical testimony. They set up the theory that Miss Rappe merely collapsed from alcoholic excesses while in Arbuckle's room and that the intestinal rupture which caused her death developed later.

Mrs. Roscoe Arbuckle, who came here from New York to join her husband, when he was accused said she would be at his side in the courtroom today. He seemed greatly encouraged by her presence yesterday. They frequently whispered together. The courtroom today was jammed with women, who heard physicians testify that there were many bruises on the body of Miss Rappe.

Shun Newspapersmen
The state seemed to be keeping its witnesses as silent as the defense. There was no announcement from the district attorney's office that they were not to talk but to find one of the half dozen major witnesses was a job for a Sherlock Holmes. They always had "just left."

Arbuckle, noticeably more cheerful, since the arrival of Minta Durfee, and her reiterated announcements

that "Roscoe is my husband and I'll stand by him," was up early in his cell at the city jail today and planned a morning conference with his lawyers.

Profiting by the experience of yesterday when 1500 women crowded the hall of justice and the streets adjacent clamoring for a chance to get into the courtroom which seats a scant 100, curious spectators were getting out early today.

Crowd Arrives Early
Shortly before 9 a. m., the first of the day's crowd began sauntering into the hall of justice, although today's session of the preliminary hearing will not begin until 2 p. m. The early comers carried their lunches.

The rule of "ladies first" will continue to be enforced in seating spectators today, which means, in effect, it will be a show for "women only," as there will not be a chance of a man getting in.

"I was deeply impressed with the seriousness with which the case is being conducted," declared Mrs. Harold Seager, member of the committee of eighteen club women attending the trial as representatives of San Francisco women's clubs. The committee members have front row seats reserved for them.

"Mothers should be warned not to permit their daughters to attend these hearings," she added.

THE PATCHWORK QUILT HAVE YOU A PIECE TO PUT IN IT?

By ELEANOR ELLIOTT
'Twas the Garden of Eden long
years ago
And late in the hours of an au-
tumn day,
Eve who was always on the go,
Came home from a matinee.
"I'm tired," she cried, "of this fig-
leaf green
It isn't becoming to me, you
know!
I'd like a leaf like the serpent's
sheen
To wear when next I go."

Now Adam was painting the garden
wall
And he listened in silence to her
complaint
The while he dwelt on the tasks of
the fall
And continued slowly to paint.

Just then Eve's glance fell on a
bush
Upon whose fluttering leaves had
spilled
Some of the paint from Adam's
brush
And her very soul was thrilled.

"Oh for some leaves like that!" she
cried,
"Adam, please hurry and paint me
a few,
And I'll make that Lilith stand
aside
When I go out on view."

The Garden of Eden was full of
trees,
Full leafed was each branch and
fluttering spray,
Enough for Eve and the daughters
of Eve
Forever and a day.

So Adam touched them above and
below
With the brightest colors that
ever were seen
And Eve decked herself like heav-
en's bow
Instead of the usual green.

Her joy was great as she said to her
spouse,
"Adam, each year you'll do this
for me,
Whenever you paint the wall or
house,
Paint every leaf on the tree."

And that is the reason when autumn
comes
The leaves of the hitherto decor-
ous trees,
Turn from the green of the June-
time sun
And flaunt like a flame in the
breeze.

TO THE ROMANCE-LOVING soul
of today, the disappearance of the
frontier is a matter of regret.
Not regret for the march of prog-
ress of the world, but regret that
the halo of enchantment which once
hung over the life of the border, can
rest there no more.

Such a few minutes, in the life of
the world, that this great continent
has been known to man, and slowly,
restlessly, the tide has swept from
the Atlantic coast, across the moun-
tains, across the plains, (those un-
known plains which in the geograph-
ies of our mother were marked
"Llano Estacado" or "Great Staked
Plains") clear to the Pacific coast
and beyond until now we have but
the "far frontier of the stars."

No more will vast herds of buffalo
sweep across the plain; no more
will the wily Indian hunter bring
down his game with flint-tipped ar-
row,—and by the way, what a ro-
mance there was in those arrow
heads!

Great was the barter and exchange
among the tribes, and long were
the journeys through strange chan-
nels taken by the oddly-shaped bits
of flint.

These channels led from the "Six
Nations" of the white-flint region
around the Great Lakes to the beau-
tiful onyx and chalcedony heads of
the Western and Southwestern
tribes. These latter were often shap-
ed into tiny beads no larger than
one's finger nail and used to tip the
frailties of slender arrows.

Others were large and heavy, use-
ful for slaying deer, buffalo and even
Bruin the black bear. The process
of making them,—heating the flint
and chipping off a flake at a time

Catholic Women Make Plans For Big Bazaar to Be Held In December

A large attendance marked the
meeting yesterday afternoon at the
home of Mrs. George W. Young on
North Main street, of the members
of St. Joseph's Altar society and la-
dies of the Catholic church.

Mrs. Young and her sister, Mrs.
Horace Fine, were the hostesses.
The afternoon hours were inter-
estingly whiled away making plans
for the bazaar planned for the first
week in December for two nights.
The place is yet to be selected and
details arranged.

Funds with which to purchase ma-
terials for the fair will be obtained
at a Halloween party to be given on
Thursday evening before Halloween.
Sewing will occupy the time at inter-
vening afternoon meetings.

The chairmen and committees
were appointed today by Mrs. Carl
Heim, president of the Altar society,
they to select more assistants if
necessary. They are as follows:
Entertainment — Mrs. Albert Bin-
er and Miss Elizabeth Easton.

Dinner — Mrs. H. J. Cochems,
Mrs. F. J. Wagner, Mrs. George W.
Young, Mrs. John Rudolph and Miss
Barbara Klatt.

Country Store — Mrs. L. M. Banks,
Mrs. William Maag and Mrs. Elmer
Biggs.

Handkerchief Booth — Miss Anna
Oehlke and Miss Mary Maag.
Candy and Ice Cream — Mrs. Ash-

Henry Maag.

Apron Booth — Mrs. Charles Be-
vis, Mrs. G. R. Tutthill, Mrs. George
Lester and Mrs. Carl Klatt.

Fancy Work — Mrs. M. C. Wilde,
Mrs. Rose Doyle and Mrs. E. B. Col-
lier.

Fish Pond — Mrs. Thomas Mur-
phy and Mrs. James Murphy.
Publicity, printing, doorkeeper —
Mrs. Olive Lopez.

At the close of yesterday's meet-
ing, refreshments of pineapple ice,
homemade cakes and fruit were
served.

they were used as a medium of ex-
change.

But to return to the frontier, the
frontier which is no more,—to no
one is its disappearance a keener
tragedy than to the old plains-
man,—himself, alas! disappearing as
remorseless, and the underlying mel-
ancholy seems to us to be perfectly
expressed by Frank B. Linderman
in the following verses from "Bunch-
Grass and Blue-Joint" issued by
Charles Scribner's Sons:

TO THE COYOTE
I uster hate ye once, but now
I've weakened some, an' wonder how
Ye live on air that's ditched an'
fenced,
An' lately, somehow, I've com-
menced
To like ye.

I uster think ye devil's spawn,
But dang it, all my hate is gone.
I watch ye prow an' win yer bets
Agin the traps a nester sets
To ketch ye.

Once I practised ornery traits,
An' tempted ye with pisoned baits;
But if ye'd trust me, an' forgit,
I'd make the play all even yit,
An' feed ye.

It took a time for me to see
What's gittin' you has landed me:
Yer tribe, like mine, is gittin' few—
So let's forgit; an' here's to you,
O' timer.

If I could, I'd turn the days
Back to wilder border ways;
Then we'd make our treaty strong,
I'd try our best to git along,
Dog-gone ye!

ner's Sons.)

The Vogue of Uncurled Plumes

Would you like to know how the fashion started? Here's the gossip
of it: Three seasons ago a noted Frenchman, shr utuu us always
of it: Three seasons ago a noted Frenchwoman, always known in
Paris to set the styles, attended a brilliant gathering during a rain
storm. She was beautifully dressed hung limp about her face.
The lady's hat was deconstructed—her hat a marvel of tightly
But she was perfectly at ease and unconcerned about it and all at
once the crowd caught the graceful beauty of the "New Trimming."
So began the charming vogue!

Duo Birthday Celebration

Mr. and Mrs. Chester Lee enter-

in honor of Mr. Lee's birthday and
that of his nephew, Mr. H. Kenneth
Lee.

The large dining-room table pre-

smiling faces. Perhaps no one was
happier than the representatives of
four generations who were among
the guests, the latest addition, baby,

great-grandfather, A. J. Lee.

The delicious dinner was topped
with a huge birthday cake, its sides
inscribed with icing monograms of

Richland Church Aid Society Elects Officers

Twenty ladies were present Wed-
nesday afternoon at the Richland
avenue bungalow church, at the final
meeting of the Ladies' Aid society
for this conference year.
That the Aid is a "live wire" was
shown through what had been ac-
complished during the year under the
leadership of the very efficient pres-
ident, Mrs. Stull, and it was with
sincere regret that the society had
to accept her resignation of the of-
fice for the coming year.

The following officers were elect-
ed:
President, Mrs. Conklin; vice-
president, Mrs. Bruff; secretary, Mrs.
Evans; and treasurer, Mrs. Keopke.
With the promise of five new mem-
bers with which to begin the year,
the society is determined to push on
to even greater fields, for with the
immediate need of a new church
staring them in the face, it is felt
that there are untold opportunities
for an Aid to really aid.

Daughters of Veterans Initiate Three

Mrs. Ruby Greeley, Mrs. Ida Clem
and Miss Dortha Clem were initiated
into the full membership of the Sarah
A. Rounds Tent No. 10, Daughters
of Veterans, at a meeting of the tent,
Tuesday afternoon in G. A. R. hall.
During the business meeting the
calling committee reported twenty-
four calls made during the past
month and fifteen bouquets sent to
the shut-ins.

A letter was read from the depart-
ment president, asking for a dona-
tion toward a memorial home for
Daughters of Veterans, to be located
at Sawtelle. It was suggested that
every member of the local associa-
tion contribute one dollar to this
worthy fund.

The next meeting on October 4
promises to be an interesting one,
as a delegation of Daughters of Vet-
erans from the Helen Jean Christie
Tent No. 17, of Los Angeles, are to
be guests for the afternoon. This
meeting will also be "bunche day" for
the society, and every member is
asked not to forget to bring some old
but still wearable clothing for the
Americanization work.

High School Y. W. C. A. Girls Give Luncheon

The Y. W. C. A. movement at the
Santa Ana high school and junior
college received a decided impetus
Wednesday at the luncheon offered
by the "Y. W." girls to the non-
members in the schools.

The affair was charming in every
particular and at the close of the
dainty luncheon, Miss Elizabeth
Brumer, as school president of the
"Y. W.," gave a little welcoming talk
to the girls.

Miss Jennie Lashy was then intro-
duced and spoke on the proposed
plan to build a "Y. W." hut on the
school campus. She was followed by
Miss Dorothy Caruthers, who gave
an account of her summer experi-
ences at Asilomar. Miss Isabel An-
derson closed the program with an
outline of the club activities of the
members.

Odd Fellows' Social

About sixty Oddfellows enjoyed a

evening.

Mr. W. C. Denning entertained

When history is written

In chronicling the reconstruction period following the world war, the
historians of the future will record these self evident facts:

The clothing industry was the first to cut prices and liquidate stocks.

The movement was started by retail clothiers in the eastern states
shortly after the return of our soldiers and swiftly spread across the
continent.

Clothing manufacturers joined the movement and promoted the re-
turn to a pre-war level of prices.

Clothing prices were the first to reach a stable basis, the first to
definitely establish the new normalcy.

The new normalcy in the clothing industry became effective in the
spring of 1921 and was confirmed in the fall of the same year.

This is what the new normalcy means: that suits which sold from \$65 to \$75 last year can

A mother's problem—what food gives back the energy a child uses up daily?

CHILDREN use up a tremendous amount of energy every day. Every mother of a healthy, sturdy youngster will testify to this. Children need richly nourishing food to supply this energy, and also to supply food for growth.

The selection of this food is your most important duty. You cannot give too much care to this matter. Grape-Nuts, the rich, wholesome cereal, made from whole wheat flour and malted barley, with milk or cream, supplies very necessary requirements for the growing child.

If you want to help your children to be rosy, sturdy, full of vitality and vigor, give them plenty of delicious Grape-Nuts, crisp, sweet and satisfying

Go to your grocer today and get a package of health-building Grape-Nuts. Give the youngsters this invigorating food with milk or cream, and see how they will thrive on it and grow strong, robust and sturdy.

SHRINERS NAME WORKERS FOR CEREMONIAL

Shriners from all over Orange county, totaling close to 350, last night held the center of attraction at Balboa.

It was the regular monthly business and social meeting of the club and the Shriners had the control of the little beach resort. Plans were made for the programs to be given during the next five months. These will include the big ceremonial at Orange county park October 22, the band cantors from the Al Malaikah temple of Los Angeles in November, entertainment by the Orange club in January, by the Anaheim club in February and by the Fullerton club in March. The December program is still undecided but it is believed that a program for Christmas charity will be presented.

Following the business meeting, the Balboa pavilion was given over to dancing and card playing. D. E. Eymann Huff, president of the Shrine club of the county, led the grand march. The room was decorated with American flags. Joseph P. Smith acted as master of ceremonies. Acting as chairman of the arrangements committee, Smith today announced the committees for the ceremonial at the county park October 22, as follows:

General committee: Joseph P. Smith, D. Eymann Huff, H. G. Upham.
Chief camel driver: Sam Jernigan; assistants: Clyde Bishop, Lew H. Wallace, Harry Anderson. Duties: To look after the welfare of candidates.

Roads and grounds: N. Edwards, Howard Wassum, William Schumaker. Duties: To put road in shape, secure use of park.
Placing tables: F. W. Slabaugh, Walter Eden.

Roping off grounds and setting canvas: Walter Wray, F. L. Austin.
Cooking utensils: A. E. Koepsel, James Sleeper.

Seating: J. D. Spennetta, W. S. Decker.
Truck transportation: Carl Kauffman, A. H. Patterson, J. D. Spennetta.

Arrangements for piano: N. T. Edwards.
Decorations: C. D. Holmes, Dr. J. W. Hancock, Dr. C. D. Ball.

Apple committee: Lew H. Wallace, J. G. Mitchell.
Drinks and cigars: E. R. Rhoem, J. M. Cloyes.

Coffee committee: John Cochran, F. H. Bloodgood, W. D. King, A. M. Zerman, W. D. Barker, M. S. Cloyes.
Others who will serve on committees are: F. C. Rowland, A. H. Bradford, Guy Gilbert, Sam Stein, George Goodwin Charles F. Mitchell, R. L. Bisby, Dr. Violet, Dean Johnson, Clyde Newton, Harvey Garber, Gus Daly, Willard Smith, Charles J. Cogan, J. G. Sutherland, Dr. Meyer, W. Feldner, John King, B. Buttley, Sam Stein, Robert L. Brown, Horace White, J. O. Pyle, A. N. Zerman, E. B. Smith, Charles F. Smith, Dr. Paul, Dr. Patton, Al Hitchcock, F. C. Drumm, Frank Snowden, William Knuth, Otto Haan, S. G. Pinkerton, L. Whitsell, J. C. Thamer, L. F. Coburn, R. M. Price, R. W. Townsend, Fred Medbery.

BROTHERHOOD MEET TO BE HELD TONIGHT

Final arrangements were made today for the meeting of the Brotherhood of St. Andrew at the Church of the Messiah tonight.

The good work of this organization has been growing since the date of its founding, St. Andrew's day, 1893. Its teachings and efforts have extended to all parts of the world.

The meeting and supper to be held this evening will be of great interest and will have a large attendance. The speakers will be men who have had a large part in the present day work of the Brotherhood and their talks will be especially interesting to young men.

The main speaker of the evening will be Bishop Coadjutor Stevens, who will talk on "The Young Man and the Vocation."

MAN ARRAIGNED IN AUTO CRASH CASE

George Krauss, R. F. D. 2, Fullerton, who has been sought since the forepart of the week by Orange county authorities, was arraigned in the justice court here this morning on two complaints charging him with infractions of the automobile law. One of the alleged offenses, that of failing to stop and render aid after a collision, constitutes a felony. The other charge is "cutting in."

The complaint was sworn to by K. D. Harger, of Riverside, who alleged that several persons in his car were injured. The accident happened on Laguna boulevard, July 17.

Krauss pleaded not guilty, and his trial was set for October 20 at 10 a. m. He was released on \$500 cash bail.

SUPERVISORS TO SEE BIG CEMENT PLANT

The Orange county board of supervisors, Purchasing Agent F. W. Slabaugh, County Engineer J. L. McBride and City Engineer Edward Dahl will leave tomorrow for Victorville, where they will inspect the plant of the Southwest Portland Cement company. The officials recently received an invitation from the head of the cement plant to visit the place and become apprised of the quality of the cement produced.

On the return the party will stop at Camp Cajon and note the improvements made there. They expect to get some suggestions for the betterment of Orange county park.

PHYSICIANS FIGHT TO SAVE LIFE OF VICTIM OF FALL DOWN SHAFT

Today, a week from the day he was found unconscious at the bottom of an elevator shaft in the Kogler hardware store at Orange, P. E. Parsons, 70, is still in a semi-conscious condition, only able to speak three or four words now and then to those caring for him at his home on North Grand avenue, Orange.

Two trained nurses and two doctors have been in constant attendance. These, with his wife, are waiting for him to regain full consciousness, so that his recovery may be ascertained.

Parsons, who is a salesman of the Kogler store, was found early last Friday morning at the bottom of the shaft through which he had fallen unconscious, with a fractured skull, hip and right arm, and broken nose.

No one knows how the accident occurred nor how far he fell. The shaft extends through two stories, but it is thought that he fell only one story.

WATERMELON COSTS 3 BOYS \$5 APIECE

It is more fun to "swipe" watermelons than it is to buy them and, furthermore, they taste better.

That in substance is what three Fullerton boys told Justice of the Peace Cox this morning when arraigned on a complaint charging them with petty larceny.

The boys were F. A. Whitcher, Raymond Annis and Marion French. They pleaded guilty and were fined \$5 each.

The mother of young Annis appeared in court and gave Judge Cox a check for \$5. The other two boys promised to come in tomorrow morning and pay. They have the alternative of spending five days in jail.

H. L. Parks, Fullerton rancher, swore to the complaint but did not appear in the court room.

According to the boys they just "picked" a melon. They said they got caught in the act and "beat it," leaving the melon behind.

Spectators in the court room appeared to be highly amused by the pleas and explanations of the three boys.

PLAN NEW BATTLE IN WEAPON CASE

The case of Mealy Weiner, arrested some time ago on the charge of carrying concealed weapons and convicted in the recorder's court, of Newport Beach, has been set for a rehearing on the appeal.

Next Wednesday, September 28, Weiner will be brought before Judge Williams, of the superior court, to decide whether he will serve out the six months given him by the recorder at Newport Beach or go free.

Weiner, one of the owners at the soda fountain and refreshment parlors at the Balboa dance pavilion, was arrested some time ago on the charge of carrying concealed weapons. He is represented by Attorney S. B. Kaufman, of Santa Ana.

The reason for the early hearing is due to the fact that Weiner is at the present time in the county jail, his bondsmen having surrendered him to the sheriff.

WOMAN LOSES FIGHT IN DAMAGE ACTION

A judgment was rendered in favor of C. B. Abbott, the defendant, in the civil action brought by Augusta Freeburn for \$738.50 damages growing out of an automobile accident. The case was tried in Department No. 2 of the superior court yesterday, Judge R. Y. Williams presiding.

Mrs. Freeburn testified that she was driving north on the state highway at a point near the city limits January 10, when the defendant speeded out of a private driveway and smashed her machine.

After hearing the testimony of the defendant and other witnesses Judge Williams held that the plaintiff was not entitled to damages.

WANTS DOUBTERS TO COME SEE HIM

"For years before I got Tanlac my stomach was so upset it hurt me to eat even a little bread and milk, but now I can eat anything without the least pain or discomfort," said J. S. Cull, automobile mechanic, 105 West 55th St., Los Angeles, Cal.

"For twelve years I suffered from indigestion as bad as a person can and live. Everything I ate soured, even a glass of water would upset my stomach, and whether I ate or not I had pains just the same. For years I was far below normal weight, on account of this indigestion."

"Well, many times I thought I would have to be operated on, but two of our friends took Tanlac with such good results that my wife would have me try it. The first bottle helped me, and last Christmas for the first time in twelve years I enjoyed a good old-fashioned turkey dinner, with all the trimmings, and it didn't hurt me the least bit. In fact I'm a well man, and if anybody doubts this statement I want them to come to me and I'll be glad to tell them personally what Tanlac has done for me."

Tanlac is sold in Santa Ana by The Rowley Drug Co.

PLAN MUSIC FOR BETTER HOMES WEEK DISPLAY AT ARMORY

Talented Artists Will Appear During Exposition Beginning Monday

Virginia Quartette, Log Beach, and Others Engaged for Occasion

To adapt the words of Milton, or Bill Nye, or whoever it was who first expressed what so many of us have since thought:

"The Santa Ana who hath no music in his home, and is not moved by concourse of sweet sounds, is fit for treason, stratagem and spoils."

That Santa Ana, it is claimed, should arrange to attend each session of The Register's Better Homes exposition and see for himself how big a part music should play in a well-ordered home.

Each day of the exposition, which is to be held in the armory next week, is to be marked by the appearance of a talented musician and that fact alone should be a big drawing card.

In addition, Mrs. Florence Austin Chase is to devote one of her lectures to music and its place in the home.

Home-Making Values.

At the same time, Mrs. Chase will dwell upon the importance of books and flowers and the relative value of the three factors in establishing that atmosphere of culture and refinement which is associated with a home in the truest sense of the word.

Supplementing the vocal and instrumental program, the big Brunswick phonograph which is to figure in the J. C. Horton furniture exhibit, is to add its music to the occasion, playing a selection of the very best records obtainable.

Cake-Baking Demonstration.

In line with the lecture to be given on the place of music and the arts in the home, Mrs. Chase will give a demonstration of the scientific principles of baking.

ENTER \$8000 RACE! Start Working Now, Today! ALL TO BE REPAID!

Twenty per cent! That's a pretty good proportion for collecting, isn't it! It's one dollar out of every five; two dollars out of every ten; twenty dollars out of every hundred; two hundred dollars out of every thousand.

How would you like to go out collecting, with every family in Orange county as a "prospect," and receive twenty per cent of all amounts collected?

This opportunity is offered to you in The Register's great circulation-building contest. For, should you work diligently for the next seven weeks and still fail to receive one of the thirty valuable prizes, you would be paid a big commission for your work, nevertheless.

In other words, if you work you will win. Even if you do not win the grand prize—and only you may say you cannot!—still you will have a chance to get any one of the thirty prizes. And if you fail to get one of the thirty, there will be the commission to reward you.

Even if you only have a spare hour a day, it may be turned to good account during this campaign. All you have to do is to work among your neighbors and friends, an hour today, an hour tomorrow, and soon you will have placed yourself in line to receive some valuable consideration—prize or money—and you will agree with us that you have everything to gain.

No loiterers need apply, but if you have red blood in your veins, if you are full of vim and hustle and if you want to turn your spare hours to good account, this is your one big opportunity of the year. With nothing to lose and everything to gain, surely you will want to get started at once. There is no time to lose, for the end is less than seven weeks away and you must get started soon, else the prize will soon be out of your reach.

You have friends, lots of them, and every one is or should be a daily Register reader. Then, if you are the first to present your case, isn't it certain that they will save themselves time and money and at the same time help you by giving you their renewal or a new subscription? Of course it is, and if you delay action and someone else receives the award you covet, you alone will be responsible.

The Register offers these thirty prizes, and twenty per cent commission to non-prize winners, without fear or favor, and any man or woman, boy or girl, in Orange county is eligible to compete. The Register has not the slightest means of knowing who the winners will be. It is up to the live wires of Orange county and The Register's congratulations will be to the ones who work diligently and persistently toward the goal.

If you want the automobile and are willing to put forth your best efforts, send in your nomination today. Or, if you have a friend whom you would back to win, please forward his or her nomination at once, so that they may get busy.

Here are three automobiles, value \$654.75 to \$2325; four cabinet phonographs, value \$115 to \$225, eight merchandise orders good with any merchant, value \$25 to \$75; fifteen beautiful gold watches, and, for non-winners, twenty per cent commission. Come and get them, people of Orange county, but remember that November 7 is the end of the race and that he who starts first has a slightly better chance to reach the end of the course first.

See the Contest Manager at once and make each day count for your ballot total.

PRESBYTERIANS TO HEAR NOTED CLERGYMAN

Dr. David Breed Will Address County Folk at 4-Day Conference

Dr. David Breed, one of the best known Presbyterians in the world, is to be in Santa Ana October 23 to 26 for a conference with the Presbyterians of Orange county.

Announcement to this effect was made today by the Rev. J. A. Stevenson, pastor of the First Presbyterian church of Santa Ana.

The four-day conference will be one of the most important gatherings in the history of Presbyterianism in this county.

The prominence of Dr. Breed alone assures the success of the conference.

"Dr. Breed," said the Rev. Mr. Stevenson, "ranks at the top of prominent Presbyterians of the generation."

Dr. Breed was pastor of the Church of Hope at St. Paul, Minn., then pastor of the church of the Covenant, Chicago, then of the First Presbyterian church of Pittsburgh, then professor of practical theology in the Western Theological seminary at Pittsburgh.

He is to conduct in Southern California twelve conferences, each to be held in a Presbyterian center. Santa Ana is designated as one of the twelve centers, and at the conference here will be gathered Presbyterians from the entire county.

Dr. Breed will speak Sunday, October 23, and the Monday, Tuesday and Wednesday evenings following.

SHARK INDUSTRY VICTORIA, B. C., Sept. 23.—The shark industry here has changed hands for a third time, and in each case operations have been carried on on a larger scale. A twenty-one day test was recently made in which 357 sharks were caught, averaging 225 pounds each. It has been discovered there are some very large sharks weighing about 2,000 pounds each which they intend to catch with harpoons somewhat similar to those used in whaling.

CORNELL HEADS BIG HOSPITAL FUND DRIVE

Intensive Campaign to Be Centralized in Downtown Office

The Santa Ana Community Hospital association, seeking the building of a hospital to be strictly a community affair and a home enterprise, will not go outside the city to secure a professional director to conduct its campaign to raise a fund of \$250,000 for the big project.

Instead, S. J. Cornell, local real estate and insurance man, will be the directing head of the plans being developed for raising the fund. He was selected as director at an adjourned meeting of the directors of the association yesterday.

Many propositions were submitted by professional campaign directors to organize and direct the activities on stipulated commissions ranging from 5 to 15 per cent.

Cornell has had experience in managing various kinds of campaigns, having to do with the raising of funds for local purposes and the directors complimented him by declaring their belief that with the assistance of men available in Santa Ana he could accomplish the purpose of the campaign as effectively as could imported campaign directors.

Money Remains Here

With the work being done entirely by home persons, every cent contributed to the fund will go into the fund and none into commissions to non-residents.

Cornell today was endeavoring to find a downtown location for the opening of an office next Monday. It is proposed to secure quarters, if possible, in the heart of the business section, where activities that will increase interest in the campaign may be centralized. While the campaign manager has not yet had time to formulate definite plans of operation, in a general way he proposes to appoint an advisory committee of three, one each from Santa Ana, Orange and Tustin, the communities which the hospital will serve. District heads and committees will be selected to carry out details of the smaller unit operations.

It is expected that an intensive drive for funds will be made beginning in five or six weeks, as the preliminaries will require at least four weeks.

To Form Groups

The preliminaries will consist in the formation of groups of local persons, who will be advised as to the plan of action, and who, in public addresses before lodges, societies, churches and other organizations, will acquaint the public with the situation with reference to the need for the hospital.

Frederick H. Eley has been retained as architect for drawing the hospital plans and he will proceed with them as rapidly as possible. Believing that the community will readily respond to the appeal for financial assistance and support the movement with enthusiasm, it is possible that active work will be in progress on the hospital site before the campaign is fully launched.

The value of a first-class hospital to a community can hardly be estimated in dollars and cents, it is pointed out. Such an institution is a potent factor in inducing increased population, for availability of facilities for treating the sick is given more consideration by new comers than is generally realized, according to statements of persons who are in position to observe this feature.

The Santa Ana Chamber of Commerce is giving the project every support possible, and late yesterday afternoon the advertising committee of the chamber met and offered to Cornell the full assistance of the chamber in the development of information to be presented to the general public as to the necessity of the hospital.

The parade, banners and general program that has been arranged, General headquarters have been established at the rooms of the American Legion post No. 8, in Los Angeles. Information and service will be supplied there, it is understood.

Ninety-first division veterans who desire to attend the reunion may secure transportation by conferring with George H. Platt, with Townsend and Medbery, or with Maurice Elder, at the county assessor's office at the courthouse.

The parade of the division in Los Angeles next Sunday will be on Figueroa street, formation being at the corner of Washington. The parade is scheduled to move at 1:30 p. m., marching to Exposition park.

DRAGGED BY AUTO; BOY NEAR DEATH

Physicians planned to make an X-ray examination today to determine the seriousness of a cut on the forehead of Harold English, 14, son of John English, of King street, who narrowly escaped death Wednesday when dragged by an automobile. Harold has been irrational at intervals since the accident.

The boy, with two or three other schoolboys, was riding home from school. They were on bicycles. When in front of 1661 West Fourth street an automobile driven by Hershell Johnson, horse dealer, started to pass the boys going in the same direction they were riding.

Details of how the accident occurred were not obtainable today. The bumper of the automobile caught Harold's bicycle and bicycle and boy were dragged on the pavement.

When the boy was extricated it was found that his head and shoulders had been severely bruised. The lad was taken in charge by Mrs. N. L. Galbraith.

Harold at no time has been unconscious, but last night he was irrational at times. The physician stated today that the boy's condition is much improved and he is confident the boy will soon recover.

Take a good look at the new Buick Four in the parade on Saturday and then visit the salesroom at Fifth and Birch, Santa Ana, for a "close up" of this much-talked about car.

BIG REUNION OF 91ST TO LURE S.A. VETERANS

Santa Ana members of the Ninety-first division during the World War were today ready to participate in the big reunion of the organization in Los Angeles tomorrow and Sunday.

It is estimated that close to 150 men will leave from here during the morning and afternoon tomorrow. About half of them will leave by auto from the courthouse at 1:30 p. m.

Plans which had been made to drive through the streets in machines before leaving for Los Angeles have been abandoned, according to Maurice Elder, deputy county treasurer and an officer in the division. The men will meet and leave directly for the reunion.

The Ninety-first division is holding its reunion as a third anniversary of its unit's first engagement under fire, which occurred September 26, 1918, in the Argonne. The division was drilled at Camp Lewis, Wash., and took part in six weeks of the hardest fighting of the war.

In Los Angeles the Santa Ana members will join with other delegations in the parade, banners and general program that has been arranged.

General headquarters have been established at the rooms of the American Legion post No. 8, in Los Angeles. Information and service will be supplied there, it is understood.

Ninety-first division veterans who desire to attend the reunion may secure transportation by conferring with George H. Platt, with Townsend and Medbery, or with Maurice Elder, at the county assessor's office at the courthouse.

The parade of the division in Los Angeles next Sunday will be on Figueroa street, formation being at the corner of Washington. The parade is scheduled to move at 1:30 p. m., marching to Exposition park.

WOMAN 26 YEARS IN ORANGE COUNTY DIES

Death came yesterday to Mrs. Fannie E. Lighthall, 68, for the past 26 years a resident of Orange county, at the home of her daughter, Mrs. R. P. Duryea, at Orange.

Mrs. Lighthall had been ill since early summer. She was removed from Strathmore, where she had been living with her son, Eugene, and her daughter, Nell, and had been in Orange since.

Funeral services will be held from the Orange Methodist church tomorrow at 2:30 p. m.

Mrs. Lighthall came to Orange county in 1895, she and her husband making their home at Garden Grove. Mr. Lighthall died in 1905.

The deceased leaves seven children, Irene Lighthall of Hesston, Kansas; Gertrude Dreyer of Orange; Mrs. R. P. Duryea of Orange; G. Addison Lighthall of Strathmore; Clarence Lighthall of Los Angeles; Nell Lighthall of Strathmore; and Lester L. Lighthall of Strathmore.

SANDBAR ACROSS RIVER'S MOUTH STORM CENTER AS VARYING VIEWS TOLD

Friends and Foes Agree as to Need of Cutting Opening at First Flood

FINLEY RENEWS STAND

Harbor Commission Chiefs Stick by Attitude That 'No Cause for Alarm'

The fact that a sandbar has formed across the exit of the Santa Ana river has revived a number of contentions regarding the character of the work done there by the Orange county harbor commission.

Out of the situation, an outstanding statement is agreed upon. That is, someone will have to be on hand during the first flood to see that there is an opening cut through the sandbar.

It seems to be generally agreed that when flood waters arrive against the sandbar between Huntington Beach and Bitter point someone must see that the waters get to the ocean through the channel built for them instead of breaking a way through the sandbar as they did in 1916 before the river mouth was established.

The throwing up of the sandbar has aroused some discussion in the past two weeks. As a result of the situation, Supervisor S. H. Finley has reiterated his contention made at the time of the Craig controversy some months ago that the harbor commission failed to keep faith with the people when it did not build the jetties at the river exit in accordance with the original harbor plans. He asserts that the commission used money originally intended for the river exit in doing work inside the harbor.

Not Unexpected.

In reply, members of the harbor commission have stoutly maintained and do today maintain that the situation at the river mouth is nothing to create comment, that the sandbar is not a menace, that its formation was expected and the natural thing to expect at a river mouth from which no water flows during a part of the year.

That there is danger that the storm waters of a heavy flood might break through the sandbar at some point other than at the constructed mouth, is stated by a number of those who are familiar with the situation. However, those who are familiar with the situation believe that the chances are strongly in favor of the water using the exit, but the county will have to watch the sandbar at the exit of the stormy season and see that an opening to the sea is provided across it so that the storm water current can wash out the channel.

Until a year or two ago, storm waters from the Santa Ana river flowed into a low area between the Huntington Beach and Newport mesas, and through a tide channel found their way into Newport bay. During great floods, such as the one experienced in 1916, large quantities of silt washed into the bay. In order to prevent the harbor from filling up, it was decided to give the river a new exit across the sandbar between the low area and the ocean.

Point Again Raised.

About a year ago, the harbor commission announced its work at the exit completed. Two rows of rock were dumped, one on each side of the exit, and a jetty on each side of the channel was built.

In the Craig controversy, which arose over a proposal to give a Long Beach shipbuilder a lease on county frontage on the harbor, Supervisor Finley asserted that the work had

MYSTERY OF '61' ADS IN REGISTER CLEARED

Mystery surrounding "blind" advertisements that have appeared in The Register, announcing that "61" was coming and would be here Saturday, was cleared up today when Otto Hahn, president of the Cadillac Garage company, announced that "61" was "Type 61" the latest and newest model of the Cadillac company.

There will be a special and exclusive showing of the new type tomorrow night at the Cadillac showrooms, 201 North Main street.

Special decorations are being arranged and the entire interior of the showroom will be turned into a beautiful grove for the evening. Special music may be arranged for.

"The new cars are distinctly Cadillac, but new and more beautiful than any Cadillac ever made," said Hahn. "The many improvements on the new car are so marked as to distinguish the car in any company."

54 CARS BUTTER WINNIPEG, Sept. 23.—Fifty-four carloads of creamery butter have been shipped out of Manitoba since January 1. This is a slight increase over last year's figures, L. A. Gibson, Manitoba dairy commissioner, announces. Most of the shipments were for eastern Canadian cities.

"So far as we can judge, the amount of creamery butter manufactured in Manitoba this year will approximate \$8,000,000 pounds," Gibson stated.

Think of "EXCELSIOR" when you want milk, cream and ice cream.

ciples involved in cake-baking and the preparation of the accompanying ings and fillings.

These will seem especially fitted to the program, for, is not a cake a lovely song in itself?

And then, when it is covered with a creamy icing and garnished with the lovely designs which may be used on a cake, it is little less than a symphony.

Then, the little lyrics which are drop cakes and their sweet little companions, cookies and kisses, also are well adapted to representation with other "music in the home."

In connection with the demonstrations of the different foods prepared by Mrs. Chase, it was stated that Sam Stein, stationer, had arranged to furnish free, to those attending the lectures, small plates, spoons and napkins so that the necessity of bringing these necessary adjuncts from home will be obviated.

Guest Artists to Appear.

While the program of songs and instrumental selections to be given during the course of the exposition will not be announced until later, those who are to appear as specially invited guests of The Register are too well known to need formal introductions.

On Monday afternoon, the brief musical program will feature piano selections by Clarence Gustlin, whose brilliant playing is ever a pleasure to Santa Anans, and vocal solos by Mrs. F. W. Slabaugh.

Tuesday afternoon, Miss Kathleen Owens is to be heard in a song group, while Wednesday William Conrad Mills is to appear with the famous Virginia Quartette, of Long Beach, composed of Ruth Burdick Williams, soprano; Dawn Clements, mezzo; Dudley Chambers, tenor, and John Johnson, bass. Mae Gilbert will act as accompanist.

Thursday afternoon, Mrs. Theo Winbigger is to appear on the program in a song cycle.

Friday, the final day, Nellie Calender Mills will offer violin selections, while Mrs. Arnold Peek, one of the city's foremost pianists, will play her accompaniments. Mrs. Walter Leocraft is to appear also on this program in vocal selections.

The velvet-toned Chickering piano, which will be used for all the programs, is to be from the A. S. Lindholm music house, temporarily located on West Fourth street.

Our books will be open to receive new members until 4:30 o'clock Saturday, Sept. 24. Santa Ana Walnut Growers Association.

SANDBAR ACROSS RIVER'S MOUTH STORM CENTER

(Continued from Page Seven)

not been completed in accordance with the original plans.

"The plans," said Supervisor Finley, "as I have found from communications to the board of supervisors from the harbor board, called for extending the jetties to a depth of twelve feet of water below mean low tide. The jetties were not extended to that depth. A cursory examination of the jetties indicates today that at low tide one could walk around the end of one of the jetties without getting his feet wet."

When this matter was under discussion some months ago, members of the harbor commission stated that their reason for not expending any more money on the river exit was because the aims sought had been accomplished for much less than estimated, and additional expenditure was not justified. It was pointed out that the jetties were built to a rock ledge. This rock ledge would prevent scouring of the channel any deeper than its top, even should the jetties be extended out scores of feet further.

When that matter was brought before Supervisor Finley today, he said that that was true, and that so far as depth of the channel was concerned it need not be any deeper than low tide.

Finley's Contentions.

"But," he said, "my contention is that had the jetties been built as intended, to twelve feet of water at low tide, the river exit would remain open. The movement of beach sand is in shallow water only, not below twelve feet. If the jetties were out to a 12-foot depth, what sand might be forced through currents up or down the coast would be thrown around the mouth of the jetties, and would not be thrown up on the beach between the jetties as at present. With the jetties built no further out than they are they might as well not have been built at all. Any cut through the sandspit without jetties would have done just as well. The sandbar will build up higher than high tide—just as high as the wash of breakers goes."

Finley in the interview further stated that at the time the campaign for harbor bonds was on it was asserted by adherents of the proposal that an adequate outlet for the Newbert protection district would be provided by the river exit that is now obstructed by sand. That outlet, he contends, has not been provided. The waters from the Newport drainage ditch flow into the low area to the east of the sandspit and Newbert channel and go no further. The Talbert drainage ditch leads to within a few rods of the exit, but the water cannot get out there. The water turns toward Huntington Beach and eventually finds its way to the sea through galvanized iron pipe put through the sandspit some years ago by the Talbert district.

Quotes the Record.

"At four different points," said Finley, "in the supervisors' proceeding, leading up to the election for issuance of \$500,000 bonds, there appears the following wording: "Building of two jetties to be of stone about 600 feet long, extending seaward to a depth of about 12 feet below mean lower low water. The banks of the new channel of the mouth of the Santa Ana river from the jetties to the north line of the S. P. R. R. right of way to be re-vetted to an elevation of from 10 to 14 feet above mean lower low water." See Supvr. minutes book 14, pages 102, 104, 118 and 181.

"I do not think that anyone will claim that those provisions have been even approximately carried out. If they had been I am inclined to believe that the present difficulty would not have arisen and that the drainage districts would have an outlet as was promised them in lieu of their former outlet through Newport bay."

"There is just one point at issue in this discussion and that is this: Had the harbor commission done the work at the river mouth that it promised to do and that the people of Orange county expected it to do, the conditions at the mouth would have been very different from what they are today. That's the whole thing in a nutshell."

"There wouldn't be danger of the sandbar backing up a large body of water before the water breaks through or is cut through. The county would be without the responsibility of watching the mouth in order to prevent damage by breaks across the sandspit elsewhere, and the drainage ditches would have an exit the year around."

"It has never been expected that no sandbar would form across the mouth of the exit," said L. H. Wallace of Newport Beach, secretary of the harbor commission. "Nothing has taken place at the exit that was unexpected. There is nothing unusual about the formation of this bar. The same kind of a bar forms at the mouth of San Juan creek, Aliso creek, and Laguna creek. When the winter flow quits, a bar is thrown up, and when the winter flow begins the water quickly washes the sandbar away."

"We realize that somebody will have to watch the sandbar at the Santa Ana river exit at the time of the first flood and by the expenditure of \$25 or \$30 in shoveling or scraping the inland stream will be started and the bar washed away. So long as the present harbor commission is in existence, it will watch this bar, and thereafter it will probably be the duty of somebody designated by the board of supervisors to watch it."

"All the money that was needed to make an adequate exit for the flood waters was expended and there was no need of expending any more than was spent, at that point."

"Should waters break from the Newbert channel at some distance from the sandspit and accumulate in the low areas on the Huntington Beach side, the west bank of the channel might have to be cut to start the water flowing through the exit provided. That, however, would be a small job. While a high tide might hold the water back for a couple of hours, a low tide would inevitably draw the flood waters out through the mouth cut through the sandspit."

Time Will Tell.

"So far as I can see," said L. L. Shaw, of Santa Ana, chairman of the harbor commission, "no good can come out of a controversy at this time. The proof of the pudding is

the eating thereof, and just as sure as you are a foot high it will be demonstrated this winter, if we get anything like a flood, whether the river mouth is adequate. Personally I am perfectly content to wait until the test arrives. No amount of discussion can change the fact that if we get a flood results of some kind will be shown, either for or against the adequacy of the exit."

"I do not believe and I have never believed that any shoveling or teaming will be necessary to remove the sandbar or to give the stream a start across it. My belief is that the first flood will sweep the sandbar out. At any rate, we always know 24 hours ahead when any considerable flow in the river is expected, and the thing can be and will be watched."

"Col. Finley in a statement at the meeting of the supervisors Tuesday said our original plans were to build the jetties to a depth of 16 feet of water. We never had any such a plan. Since then I understand he has reduced his statement to twelve feet. A beach has formed outside of the east jetty so that it does not appear to be as deep to the rock ledge as it really is."

"There is nothing in the contention that the sandbar would not be formed there if the jetties were built further out. In dry years, such as this has been, it would form. "Certainly, the situation today is many times more satisfactory than it was before the exit was built. Before then, there was a winding channel to the bay that was inadequate to carry the water, as was the case in 1916. Today we have a direct exit that will carry five times the water that the old channel into Newport bay would carry."

Finest Rug Selection In Orange County

—Chandler's leadership in all lines of furniture is unquestioned in Orange County.

—In rugs we feel justified in going a step further by making the claim that we not only have the best assortment in the county, but our stock will compare favorably with any in the state, with but few exceptions.

—Here you will find a display more varied than you could find in a dozen average furniture stores combined.

—We feature several lines of high-standard makes which represent the utmost values in their respective qualities.

—The Whittall line is the foremost in America. The fine texture, weaving, colorings and designs rival imported orientals selling at many times the price of Whittalls.

—Sanford's seamless axminster is another high grade rug which we recommend for long satisfactory service.

—No matter what you may be seeking in floor coverings you will find it to your advantage to come and look over the Chandler assortment before you make your selection.

ANAHEIM PLANS \$100,000 PARK IMPROVEMENT

Preliminary plans for the beautification of Anaheim's new city park of twenty acres, prepared by Cook & Hall, landscape architects, of Los Angeles, and calling for an expenditure of about \$100,000, were on display at the Chamber of Commerce rooms at Anaheim today. They will be formally presented to the chamber at its regular meeting next Monday night. Meantime, the citizens of Anaheim are invited to inspect and criticize the plans preparatory to a discussion of them at the chamber meeting.

The plans provide for a swimming pool 50 by 150 feet, which is designed for intercollegiate aquatic sports; 200 lockers for bathers; regulation football and baseball fields; four tennis courts; auto camp ground; children's playground; patio for dancing; stage for outdoor theatricals and band concerts and a system of lagoons.

FORMAL OPENING OF BUICK AGENCY NEAR

"Buick Beauty" will be on "dress parade" tomorrow afternoon and evening, with formal opening of the new Buick agency at 319 West Fifth street, according to announcement today by Robert Atkinson, manager of the Reid Motor company, recently appointed distributor for the product.

The opening will be preceded by a parade of new cars owned by the Reid Motor company and Buicks in the hands of private owners. The feature of the parade will be the famous Buick aerocar, one of the features of which is that the fuselage of an aeroplane is mounted on a Buick chassis. A standard valve-in-the-head motor has been located in the fuselage and propeller attached to the shaft of the engine. The whirling propeller develops the power that operates the machine.

It is expected that the Buick caravan will parade the streets of Santa Ana about 12:30 p. m. tomorrow, and following that hour the show rooms and cars will be open to inspection until late in the evening. The display room will be decorated and the general public is cordially invited to co-operate with the company in its formal opening. The present location is a temporary one, the management of the firm having developed plans for providing a fine new home for the agency.

Members of the Reid organization will be assisted in receiving guests by Jack O'Neill, district representative of the Howard Auto company.

In order to emphasize the valve-in-the-head feature of the Buick motor, the dealer has devised a unique costume to be worn by young men who will bring out this feature of the motor.

URGES DOG AND CAT FANCIERS TO EXHIBIT PETS AT COUNTY FAIR

WANTED—Aristocratic cats and dogs for exhibition at Orange county's fair at Huntington Beach.

G. W. Wardwell, chairman of the pet stock committee, today sent out an appeal to all pet owners for their prize poodles and felines.

Wardwell would like to receive the pets not later than next Tuesday, as the fair begins the following day.

Thoroughbreds only are wanted. He does not care for a cat or dog just because it has mastered a few tricks.

Wardwell will also have charge of an exhibit of scale bugs, some of which are injurious and others beneficial.

QUASH CASE OF MAN CITED IN DOG SLAYING

Holding that a man has as much right to shoot a dog as he has a man or any other living thing that is prowling about his property and doing damage thereto, Justice of the Peace Cox today, on motion of Deputy District Attorney Roland Thompson, dismissed the case brought against A. J. Folger by M. L. Simms of Westminster.

Simms accused Folger of killing his Airedale dog. The complainant declared that the dog was not vicious and that it never jumped nor barked at anyone unless molested on his own home grounds. Simms valued the dog at \$250. He said that it was a thoroughbred and had won a gold medal in a contest.

Folger and other witnesses testified that the dog prowled about his place, scared his chickens and created a general disturbance. He did not deny shooting the dog.

Folger buried the animal after shooting it and Simms later insisted that he dig up the remains.

LEAVES ONE IN JAIL
OMAHA, Neb., Sept. 23.—Unable to raise enough money to bail out both her sons, charged with auto stealing, Mrs. Grace Hans secured the release of Fred, 25, who has a sweetheart. Albert, 25, who has no girl, must remain in jail.

SWAM BOTH WAYS
NEW YORK, Sept. 23.—Stephen Nixon, 65, swam from Blackwell's Island to Manhattan. He couldn't climb the pier so he swam back again and told police they could stop dragging the river for his body.

HELD IN WEAPON CASE
Charged with carrying a concealed weapon, Francisco Gutierrez, of the La Habra district, was arraigned in the justice court here. He pleaded not guilty and his trial was set for September 26 at 10 a. m. Gutierrez is being held in the county jail in default of \$100 bail. The defendant said that he had been having some trouble with his wife, but declined to go into details.

THEY WERE SCENTLESS
NEW PHILADELPHIA, Ohio, Sept. 23.—Homer Henry, a farmer, was fined \$5 for unlawfully skunking in his possession. "The skunks were scentless," he says.

'PUT AND TAKERS' BEWARE
DENVER, Sept. 23.—The popular indoor sport, "put and take" is in bad with the district attorney's office. Hereafter players of the game will "put" a fine and maybe "take" a jail sentence if caught.

OPEN FRANKLIN SCHOOL HERE OCTOBER 3

The Franklin school will open Monday, October 3, the board of education announced today.

This date is two weeks later than that originally set. Delay in the installing of plumbing fixtures caused the postponement.

The district that will be served by the Franklin school will be from Hickey street south to Chestnut street and from the city limits east to Baker street. In addition to this district a small section will be added from Baker street east to Olive street and from Hickey street south to Sixth street. These districts are subject to change, according to the board.

The capacity of the Franklin school will be 200 pupils in the first five grades and thirty in the kindergarten, and the school is expected to be filled to capacity.

The remaining work on the building is being hurried with all possible dispatch. The structure will be complete and modern in every detail and will have many of the newest school appliances, especially in the kindergarten.

HAWTHORNE FURNITURE WEEK IS BIG SUCCESS

According to W. H. Spurgeon Jr., head of the Spurgeon Furniture company, Hawthorne week, celebrated at the Spurgeon store, has been entirely successful.

"Persons from all over the county have visited the store during the week," said Spurgeon, "and all have expressed themselves as delighted with the display of Hawthorne furniture."

"Our large supply of souvenirs almost ran out, because of the great number of persons who have visited the store, but we have arranged with the Hawthorne shops for a special shipment of their puzzle furniture sets to be given away tomorrow."

"The window display showing the actual manufacture of the furniture has attracted the attention of thousands."

Innovation in Santa Ana. The films will be run for a full week, afternoon and evening, and following that he will present the "Four Horsemen" for a full week, with other big feature films to be run on following weeks, the series embracing four weeks.

The full week runs on one picture are to be conducted as an experiment. If the patronage of the four weeks demonstrates that the theater fans of the city want entertainment of the character of the plays to be shown the program of big features will be continued.

COMMUNITY PLAYERS RUSH PREPARATIONS FOR 'POTASH' PLAY

With officers for the coming year elected, the Santa Ana Community Players' association members are hastening preparations for their first production, "Potash and Perlmutter," to be given within the next few weeks.

Mrs. Ellis Rhodes, who has had a wide experience in entertainment affairs, has been elected by the governing board of the Community Players as president of the organization. Fred Refferty, at a meeting of the governing board last night, was chosen vice-president, Miss Verna Peterson, secretary; R. R. Miller, chairman of the ways and means committee, and Ernest C. Phillips, Burr Shafer and Miss Isabel Anderson were elected members of the publicity committee.

Arrangements are to be announced soon for a season ticket sale. It is proposed to make a charge of 75 cents for single admission tickets throughout the season. A season ticket will cost \$2.50.

HOTEL MAN TWICE ADJUDGED BANKRUPT

Federal courts have twice within the year declared William Hewins, who opened St. Ann's Inn here, a bankrupt, according to the statement today of a local attorney, who said that Hewins, who was adjudged a bankrupt recently in the federal court in Los Angeles, was also adjudged a bankrupt last March by a federal court in Illinois.

St. Ann's Inn is now being operated by William H. Moore Jr. as receiver. He was appointed by the court in which Hewins recently was adjudged a bankrupt.

A meeting of creditors has been announced by Ben Tarver, referee in bankruptcy for Orange county, for October 3 at 10 a. m. The creditors have just filed with the referee their schedules of indebtedness against Hewins and the date for the meeting was set following the filing of the claims.

According to a recapitulation of assets and liabilities filed with the referee by Hewins, his liabilities are \$247,135.76 and his assets are \$235,000. The hotel property is listed as among liabilities and assets. Hewins holds a contract for purchase of the property under certain conditions.

CITY CHURCHES PREPARED FOR S. S. RALLY

Further details in connection with the big Sunday school rally, which will be held throughout the city this coming Sunday, were announced today by the Ministerial union, sponsors of the movement.

Pastors of the churches and superintendents of the Sunday schools have co-operated in the plans, which include the extending of invitations to all Santa Anans to attend Sunday school and church next Sunday.

The committee handling the matter for the Ministerial union is composed of the Rev. Messrs. F. T. Porter, P. F. Schrock and John Oliver. A large advertisement is to appear in The Register tomorrow, and approximately 10,000 invitations are to be distributed at homes by the Boy Scouts. The bulletin boards of the churches have been calling attention to this event every day this week. The individual schools are also sending special invitations through the mail to their members who have not been in school since the vacation.

The committee points out: "The greatest moral movement in the world is in the Sunday schools, where spiritual democracy and love and justice are taught as a fundamental part of the Fatherhood of God and sacrificial sonship out of which grows a real brotherhood of service."

"If our children sit together in the common schools and learn the true lessons of sacrifice that made the flag they will become fellow citizens; and, if they sit in the Sunday schools and learn the lessons of fatherhood and sacrificial sonship in service, they will be brothers and citizens in the Kingdom of God."

The committee says: "Get ready for a great day in the churches Sunday."

OIL MAN PLUNGES 50 FEET TO DEATH

Employees of the Standard Oil company were assembled at the Backs and Terry undertaking parlors at Anaheim today at 3:30 o'clock to assist in making arrangements for the funeral of Arnold W. Hill, 32, derrick man, of Norwalk, who died at the Anaheim sanitarium last night at 9:30 o'clock, following injuries received yesterday afternoon at 4:30 o'clock when he fell from the derrick of Standard Oil well No. 88, on the Murphy-Coyote lease, near Fullerton.

KID MEXICO READY FOR ANAHEIM CLASH

Kid Mexico, who now makes his headquarters in Santa Ana will be the headliner at Sparke's ranch to-night.

Mex will take on Johnny Meyer of Glendale in the main event and from indications should give his man a systematic boxing lesson. He handed Tribby a good walloping at Delhi Wednesday night and is in the best of shape for his go tonight.

Meyer is fast and clever but about the time Mex starts laying in those uppercuts, Oh! boy!

There are six mills on the card and every one looks to be a winner. Johnny McManus will take on Sailor Murphy in the other half of the double main event. Both are known as good boys.

Jack Iman intends to take Ben Smith, the elongated Angeleno, to the cleaners tonight. When the boys clashed the first time it was a good draw. Iman is in good shape and should beat Smith.

Lloyd Neal is set for his mill with Young Sheller. Neal is a Santa Ana boy and he hasn't been boxing for several months but he is in good shape and should beat Sheller unless he has slipped.

Jimmy Musso will scrap with Kid Leo as one of the preliminary affairs and Paul Romero will take on Kid Frankie in the curtain raiser.

FRATERNITY PIN AND CHECK BRING TROUBLE

NEW YORK, Sept. 23.—Ransom L. Denny, of St. Louis, who says he is a graduate of the University of Missouri, was held in \$1000 bail for examination on Monday on a charge of petty larceny growing out of his alleged passing of bad checks, using a pin of the Psi Upsilon fraternity as an adjunct. Carlton P. Johnson, a Cornell graduate, was stopped outside the Brooklyn Trust company by Denny and asked to cash a check for \$10.

Johnson, recalling a warning in a Cornell university publication recently against a "panhandler" who had been obtaining money from college men on bogus checks, gave Denny the money and accepted the check, drawn on the Central National Bank of St. Louis. Then he had Denny arrested on suspicion and communicated with the St. Louis bank and the police of that city, who asked Denny be held.

The fraternity pin worn by the prisoner indicated he belonged to Zeta chapter of the Psi Upsilon fraternity, but Johnson said that this chapter of the fraternity is at Dartmouth college. Johnson communicated with Foster C. Coffin, alumni secretary of Cornell university, and obtained a list of twelve Cornell men in various parts of the country who said they had been victimized by a check-passing operator posing as a fraternity man.

GIANTS HAVE TIGHT HOLD ON FIRST PLACE

NEW YORK, Sept. 23.—Five victories out of their seven remaining games will clinch the pennant for the New York Giants, even if the Pittsburgh Pirates should win their last nine games.

If the Giants win four of seven they can get nothing worse than a tie. Three victories out of the seven games will force Pittsburgh to win eight out of nine games.

BANTIES READY FOR GOTHAM TITLE BOUT

NEW YORK, Sept. 23.—Madison Square garden opens for the winter season tonight with a bantamweight championship fight between Pete Herman, the titleholder, and Johnny Buff, the American flyweight champion. The bout will go 15 rounds to a decision.

SEATTLE TAKES TWO FROM ANGEL TRIBE

SEATTLE, Sept. 23.—The locals yesterday gave the pennant aspirations of the Angels a terrific jolt by taking both ends of a double header and shoving the visiting tribe back into third place. The first game was an eleven inning affair, the final score of which was 7 to 6. The end came when Billy Lane drove a screaming homer into the center field bleachers. In the second fracas the locals got away to an early lead and won easily, 6 to 1.

Los Angeles	6	13	1
Seattle	7	11	1
Los Angeles—Lyons and Baldwin.			
Seattle—Gardner, Schorr and Spencer.			

Los Angeles	1	3	3

Los Angeles—Thomas, Seay and Stanage.			
Seattle—Brenton and Adams.			

THREE FOR SALT LAKE.

LOS ANGELES, Sept. 23.—Gavvy Cravath's Bees made it three in a row from Vernon by taking yesterday's game by the overwhelming score of 14 to 1. Gould held the locals to seven scattered hits while the visitors fell on three local heavies for fifteen safe blows.

Salt Lake	14	15	2
Philadelpha	3	9	1
Salt Lake—Gould and Jenkins.			
Vernon—Faeth, Love, Zeider and Murphy.			

SEALS WALLOP PORTLAND.

PORTLAND, Ore. Sept. 23.—San Francisco made it three straight over the Beavers, winning yesterday 7 to 2. Ellison was hit hard and errors contributed to his defeat. O'Doul was in trouble only once, and added materially in winning by getting four singles in as many times up.

San Francisco	7	17	1
Portland	2	4	3
San Francisco—O'Doul and Agnew.			
Portland—Ellison, Scott and Baker.			

OAKS DEFEAT SOLONS.

OAKLAND, Calif. Sept. 23.—Oakland hit Prough hard yesterday and won, 7 to 4, over Sacramento. Oakland took the lead in the seventh inning when three runs were scored on bunched hits.

McGaffigan's home run in the seventh, scoring Prough ahead of him, was the outstanding feature of the game. The ball landed near the clubhouse at the far end of the park. Sacramento—Prough and Elliott; Oakland—Keiser, Altana and Koehler.

CHET NEFF WINNER IN ANAHEIM BATTLE

Boxing fans couldn't have craved any more of an exciting main event than Chet Neff and Henry Gastine put up at the new arena at Anaheim last night. Beside that all of the bouts were good and the club got off to a flying start before a big crowd of bugs.

The way that Neff and Gastine went after each other one would think that they were mortal enemies. There wasn't a dull second as the boys slugged with abandon. For the first three rounds the fight was even. When they went into the last frame this bird Neff was ready to end it and he rocked Gastine with every sort of a punch in the book. He got the decision.

Jack Martin, the slugger who put Young Dudley to dreamland at Vernon Tuesday night couldn't get in his slashing clouds on George Moss in the semi-windup affair but he out-pointed his man at that. Referee Moore called it a draw.

Battling Frankie and Johnny Gonzalez did most of their battling in the clinches but it was torrid milling. Frankie couldn't get at his man until the last round when he opened up and earned the win.

Leo Houck and Young Frisco split their affair. Houck taking the first two spasms and Frisco getting a draw by taking the last two. The boys were at it from the gong and put up the best battle on the entire card next to the Neff-Gastine bout.

Young Romeo and Al Thomas, two little fellows, stood up and slammed at each other like they both liked it. Romeo hit harder and damaged Thomas' several times. He got the decision.

Jack Rogers of Santa Ana was too small for Harry Gordon in the curtain raiser fracas. Gordon punished him with terrific blows to the jaw. He floored the Santa Ana boy just as the second round was over and Rogers' seconds tossed in the towel at the start of the third.

All of the bouts last night were o. k. and the fans were satisfied.

INDIANS AND YANKS IN CRUCIAL SERIES

NEW YORK, Sept. 23.—The Yankees and Indians both won yesterday and the race for the American league pennant may be decided in the next four days, as Cleveland opens the crucial series of the year here today.

The Yankees yesterday had little trouble smothering Detroit, 12 to 5. The coming series has driven New York baseball frantic. Advance sales on the series indicate that all former attendance records at the Polo Grounds will be broken by the hordes that will attempt to see the series.

Detroit	5	11	5
New York	12	9	2
Detroit, Ehmke, Dauss, Boone and Bassler.			
New York, Shawkey, Quinn and Schang.			

INDIANS DOWN BOSTON

BOSTON, Sept. 23.—Cleveland won from Boston, 9 to 8. In twelve innings yesterday. The Indians won on O'Neill's double. Pinch Hitter Speaker's infield out, and Jamieson's fast bounder. Speaker nearly collapsed in running out his roller to Pratt.

Cleveland	9	11	5
Boston	8	12	0
Cleveland, Sotherton, Morton, Caldwell and O'Neill.			
Boston, Russell, Thormahlen, Myers and Walters.			

BROWNS TAKE TWO PHILADELPHIA, Sept. 23.—St. Louis won a double header yesterday.

Sisler's home run drive won the second game by the score of 4 to 3, while in the opening game Davis blanked the Athletics, 5 to 0.

St. Louis	5	10	2
Philadelphia	0	6	2
St. Louis, Davis and Severoid.			
Philadelphia, Moore and Myatt.			

MODESTO CO. ROAD ARE BEING IMPROVED

MERCED, Cal. Sept. 23.—A general improvement of the roads in this district is being undertaken by Supervisor Dan Thornton. The bridges on the Chowchilla road have been damaged by the heavy hauling necessary in transporting an industrial railway track and equipment to the west side of the city where paving work is in progress. The intersections of the Chowchilla-Merced highway are also being paved, and new gravel is being placed on the road leading from the state highway to Plainsburg.

BAN RACE QUESTION IN ARMS CONFERENCE

TOKIO, Sept. 23.—Japan will not introduce the question of racial equality into the conference on limitation of armaments, according to the Kokumin, Japanese newspaper. The paper said that the Japanese government had reached such a decision because the United States had intimated it would approve the Morris-Shidehara immigration agreement which was negotiated several months ago.

Ed Utt Discusses Labor Conditions In An Open Letter To Sam'l Gompers

C. E. UTT, TUSTIN, DISCUSSES UNION LABOR QUESTION IN A LETTER SENT A. F. L. LEADER

Tustin, Cal., Sept. 22, 1921. Editor Register: I am inclosing a letter to Mr. Samuel Gompers which I hope you may find room for in The Register for the benefit of your readers. The farmer should awaken to the fact that his labor should be at least one-half as sacred as that of those who are banded together to exploit him. The denial by an autocracy styling itself "labor" of my right to work for anyone who cares to employ me is intolerable and must not be allowed to stand, or America goes down. There is too much sob economics preached and believed, for sound reason to be heard. Respectfully, C. E. UTT.

Open Letter from Utt Tustin, Cal., Sept. 22, 1921. Mr. Samuel Gompers, Pres., A. F. L., New York.

Dear Sir:— You are quoted as saying that "The present unemployment situation is an economic crime." Quite right, but who are the criminals? The farmer has been thoroughly deflated. His gross income has been practically cut in half, and his labor income almost annihilated. Although the farmer constitutes nearly half the nation and performs more than half the labor of the country you do not seem to know that he exists, or knowing that, you consider that he was created to be exploited by the labor unions, railroad brotherhoods and the middlemen. The farmer is earning for his labor income very much less than in 1914 because his other costs are double that of 1914 due principally to the refusal of union labor to share in the deflation.

You also say that "wage reductions will not relieve the situation." In this you are in my opinion entirely mistaken. You, like most city men, ignore the farmer as an economic and integral factor in the situation. If, as you seem (quite naturally I presume) to think, the five million labor union members constituted "Labor" or even were a majority of labor, or of the people of this country, you would be correct. In that case what the carpenter and the plasterer extorted from the locomotive engineer in high priced houses and rents the Railway Brotherhoods would in turn extort from the plasterer and carpenter in high priced freight and passenger rates, and so on through all the union trades. However, union labor constitutes only about one fifth of the labor and people of these United States and their attempt to hold the "ADVANTAGES" gained by them during the recent general insanity can have no other result than unemployment.

I wish to call your attention to a few facts. The farmer not only performs more than half the labor of the country but he is almost half the people.

Income and Outgo His gross income is cut in half while almost everything he buys is priced to him at double price, due to double wages for union labor. It does not matter which way he turns, he finds carpenters, plasterers, painters, railroad operators and all union labor extorting double wages from him. The result of this lamentable outrage is that after he has spent all his income he is only able to get half the things he wants or could buy if wages were deflated in proportion as his total income has been. (As I have explained before, his labor income has almost disappeared.)

It follows therefore that so far as the farmer is concerned he can only keep half as many men busy at \$3 per day as he could at \$4 per day.

You complain of high priced rents. If building costs increase 300 per cent as they did by 1920, can you expect rents to stay down? Now building costs have decreased due to greater efficiency of labor and lower material prices to 200 per cent of normal, that is to say a \$1000 cottage for a poor man, may now be built for \$2000. This is due to the high price of labor.

Now does this rob Henry Ford or John Rockefeller, or the poor man?

And is either Mr. Ford or Mr. Rockefeller to blame that the carpenter and plasterer insists on double the wages of 1914? Let the cost of building return like the farmer's products to around the 1914 level and this country will experience the greatest building boom in history, with a consequent reduction of rents and unemployment.

You also inquire for the Capitalist who "has suggested a reduction in the rate of interest." In 1914 the banks in this part of California charged us farmers 7 per cent. During the war they raised the rate to 8 per cent and have not reduced that rate to 7 per cent or the pre-war rate of discount. Contrast with this the 200 per cent increase which union labor is extorting from us and you will understand why at last the farmer is beginning to awake to who his enemies are. A farmer who has had his fruit and vegetables rot in the field because those who haul his stuff to market enforce double pay is doing some thinking and "Union Labor" is going to hear the results of his conclusions.

Now, Mr. Gompers, because you are the very able and honored president of the American Federation of Labor you have easily been duped into thinking you are the voice of labor and also you have been able through united effort to make most of the country believe it. Stupendous error.

As Utt Sees It You only represent a small segment of American labor. The farmer and his assistants perform much more labor than the A. F. L. members, to say nothing of labor performed by unorganized labor. The A. F. L. is banded together to promote its own interest by exploiting the other members of society, chiefly the farmer. I have heard many rhapsodies about the "sacred rights of labor." I should like to ask you which is more sacred, the dollar in my pocket which I earned yesterday or my today's labor by which I hope to earn another dollar?

I should like also to ask why the farmer is expected to work for twenty-five cents per hour, (and this is much more than his labor income for 1920, 1921), to produce food for all, and then when he is met at the railway by the Brotherhood who operate the trains they should be permitted to extort from him the \$1 to \$2 per hour for hauling this same food to market? "Yes, 'labor is sacred,'" at least that of some few people.

Remedy Suggested There is no use belaboring congress or the president or capital or all of them together to relieve the unemployment situation. This can be done only in one of two ways. Either double the price of farm products or halve the price of the things the farmer has to buy including labor in the form of manufactures, buildings, machinery, and transportation, etc. Any one who can perform either of these miracles will be able to put several million of the unemployed to work.

In conclusion, Mr. Gompers, the farmer from very necessity is being forced to think and organize. And I hope he will not be misled by demagogues to ask for special privileges and monopolies, as has union labor, but will content himself with improving his product and giving his customers a better service through co-operative effort. And that he will see to it that the special privileges now granted to union labor are swept away so that all industry may be on the same competitive basis as his own. Inevitable government whether of capital or labor or church or secret society is intolerable in America. Respectfully, C. E. UTT.

PROBE OIL LAND Stanley Goode, Tom Pappas, Kenneth Van Slyck and Carl McCannon were home today from a trip to Utah as representative of a group of Santa Ana purchasers of 160 acres in the proven oil district near Virgin City, Washington county. The property belonged to J. C. Wallace, Goode and others. It is said that wells in that field are producing daily from ten to fifty barrels of high grade oil of paraffin base.

it's "THERE" for wear

"VENTURA" MOTOR OIL wears like the all-wool clothing we used to get in the good old days "before the war."

"Ventura" forms a thin but tough, smooth and protecting film over the motor's hot, working parts.

It clings to them all-ways, because it resists heat and does not burn up at each explosion of the engine.

It is Paraffin-Base Oil rightly refined. That's why — it's "there" for wear.

HOME MISSIONARY SOCIETY IN SESSION

GARDEN GROVE, Sept. 23.—The Woman's Home Missionary society of the M. E. church met at the home of Mrs. Susan Chaffee Tuesday afternoon. This was a postponed session of the society on account of the convention held at Los Angeles last week.

The regular business session was held followed by a very good report of the annual convention of the Woman's Home Missionary society at the Ashbury M. E. church in Los Angeles last Wednesday and Thursday, by Mrs. Fred Andres.

A social hour was then enjoyed and refreshments of fruitade and wafers were served to twenty-five ladies.

The next meeting will be held at the home of Mrs. Frank Monroe.

Birthday Anniversary.—Mr. and Mrs. W. W. Brownlee entertained a few friends Tuesday evening in honor of their daughter, Miss Hattie, who celebrated her eighteenth birthday anniversary.

The evening was enjoyed with music and a social time. Light refreshments were served.

Those present were: Mr. and Mrs. J. C. McCabe and sons, Lawrence and Frank McCabe, of Long Beach, and Miss Hazel Fuller.

Queen Esther Meeting.—The Queen Esther society of the M. E. church met at the home of Miss Vesta Newsom Tuesday evening. A supper was served early in the evening, followed by the regular Queen Esther meeting.

Mr. and Mrs. W. W. Blair and family spent Sunday at Long Beach.

At San Fernando Fair. Mr. and Mrs. Garfield Allen, Mrs. W. Kelsey, J. O. Arkley, Mrs. E. R. Stillens and Mrs. C. C. Violet, who are on the Huntington Beach fair committee, attended the fair at San Fernando Tuesday.

Mrs. H. Howell, of Buena Park, spent Wednesday at the J. G. Allen home.

Enjoying Camp Life.—Mrs. Leroy Brithingham and Mr. and Mrs. S. W. Harris, of Orange, are enjoying a two weeks' camping trip in the San Jacinto mountains.

Mr. and Mrs. F. W. Woodhouse attended the golden wedding anniversary of Mr. and Mrs. Brackenbury at their home in Long Beach Wednesday. They were all old friends in Wisconsin.

Personal Mention.—The Rev. George Francis, of Orange, was a caller in Garden Grove Wednesday.

Mrs. Amy Graves is spending several days this week at the Preston home in Downey.

Mr. and Mrs. Kirwin and family attended the fair at San Fernando Tuesday.

Mr. and Mrs. N. Carmichael, of Independence, Mo., spent the weekend at the home of Mr. and Mrs. Charles Holt.

Mrs. Ira DeVaul has returned to her home in Alhambra after spending two weeks at the J. N. De Vaul home.

S. W. Harris and son, of Hemet, are spending two weeks at the home of his parents, Mr. and Mrs. Eli Harris.

A. O. Carmichael and daughters, Marcia and Clara, spent Sunday at their ranch above Elsinore.

H. A. Lake and family and Mrs. Frank McConnell and daughter, Edythe, motored to Los Angeles Sunday.

Mr. and Mrs. W. W. Blair were business callers in Los Angeles Tuesday.

Mr. and Mrs. Gene Adams, of Santa Ana, visited at the home of Mr. and Mrs. Cranston Tyler Tuesday evening.

COSTA MESA. Sept. 23.—Mrs. Odus P. Brooks, of San Pedro, is visiting at the home of her parents, Mr. and Mrs. John Butram, while her husband is in Texas. He was called there on account of the serious illness of his brother.

Mr. and Mrs. Chester Williamson, of Eagle Rock, were week-end visitors at the home of the former's parents, Mr. and Mrs. W. S. Williamson.

Mr. Randolph, of Los Angeles, was visiting his daughter, Mrs. W. W. Carruthers, over Sunday.

Mr. and Mrs. Roscoe Robinson and son, Maynard, and Miss Mildred Spain, all of Long Beach, were the guests of Mr. and Mrs. R. A. Baker Sunday.

Mr. Rheme has purchased the Van Alstyne residence near his garage. D. F. Maynard has sold his ranch on Santa Ana avenue to Finch brothers of Santa Ana, and will move to Santa Ana in a short time.

S. E. McKittick did not leave his ranch, as was reported, but sold it to D. A. Cathcart, of Santa Ana. Cathcart, who is in the employ of the Excelsior Dairy company at Santa Ana, has moved his family to the ranch, but Cathcart will remain in the employ of the dairy for the time at least.

Ed Bradley, who has been employed by the Dale Hardware company at Santa Ana, will move his family to Hemet tomorrow.

MAY RECLAIM 15,000 ACRES NEAR CHICO

RED BLUFF, Cal., Sept. 23.—Tentative plans for the irrigation of approximately 15,000 acres along the Sacramento river in the district northwest of Chico have been prepared by the California land settlement board, according to word received here from T. H. Ramsay, president of the Red Bluff National bank, who is interested in the project.

Preliminary surveys just completed indicate that the major part of the tract can easily be reclaimed, Ramsay stated. As yet, however, no definite arrangements have been made with state authorities, it was stated.

110 NEW MEMBERS ADDED TO P.-T. A.

FULLERTON, Sept. 23.—The first meeting of the Parent-Teacher association for the new term of school was held Wednesday afternoon in the auditorium of the East Side grammar school. The meeting was well attended and during the business session 110 new members were added.

The following teachers' rooms were awarded the picture in the contest:

Miss Abell and Miss Haan of the west side; Miss Schwalbe and Miss Wonders of the grammar grade.

After the meeting delightful refreshments of punch and wafers were served.

GARDEN GROVE

GARDEN GROVE, Sept. 23.—Mrs. George Rolfe entertained a number of relatives with a birthday dinner Sunday in honor of her husband's birthday anniversary.

The rooms were beautifully decorated with ferns and carnations. Three beautiful birthday cakes were presented Mr. Rolfe by Mr. Nelson, of Los Angeles and Mrs. Schlesinger, of Santa Ana, amidst a number of other remembrances.

After a bountiful dinner a social hour was enjoyed with music furnished with Mrs. Tony Nelson at the piano and vocal duets by Mr. Nelson and Mrs. Schlesinger.

Late in the afternoon the guests motored to Huntington Beach and drove through the oil fields.

Those present were: Mr. and Mrs. Charles Stevens, of Pasadena, Mr. and Mrs. Tony Nelson, of Los Angeles, Mr. and Mrs. L. A. Schlesinger and daughter, Miss Estelle, of Santa Ana, Mr. and Mrs. Stevens, of Eagle Rock, Mrs. Julia Garrison, of Santa Ana, and Mr. and Mrs. George Rolfe.

The W. C. T. U. met at the home of Mrs. J. D. Price Wednesday afternoon. A short business session was held and then the meeting was turned over to Miss Emily Cox, delegate to the San Francisco National convention, who gave a very interesting talk on the convention.

About eighteen or twenty ladies were present. The date and place for the next meeting will be decided later.

Mr. and Mrs. A. L. Baublit and two children, of Pomona, spent Thursday with the latter's sister, Mrs. R. A. Wilcox.

Misses Clara and Ruth Steele returned to Long Beach Thursday, after a visit with their parents, Mr. and Mrs. John Steele.

Mrs. Earl Butler, of Santa Ana, visited at the R. C. Umphress home Wednesday.

BAKER, Ore., Sept. 23.—Lock Sell, 80, blind, and Lu Lun, aged 68, were burned to death and Lock Sun, a third Chinese, living in a large house near the Chinese gardens on Campbell street, narrowly escaped death by jumping out of a second story window, when fire destroyed the building about 2 o'clock this morning.

**WORLD IS SMALLER
SINCE WORLD WAR**

NEW YORK, Sept. 23.—More than 1200 girls and women recently applied for appointments as foreign missionaries, according to Miss Mabelle Rae McVeigh, candidate for secretary of the Women's American Baptist Foreign Mission society.

Ages of applicants, Miss McVeigh said, range from 14 to 45.

"Probably one reason for the astonishing increase in the number of applicants," Miss McVeigh said, "is the fact that the war has made the world seem smaller, so that foreign lands no longer seem as distant as they formerly did."

SHOWED 'EM HIS FEET

DENVER, September 23.—Because John Heennessy, superintendent of the free employment bureau here, "snoozed" with his shoeless feet propped on his office desk, he was suspended for "surly and discourteous conduct."

Specials on all home made candies on Saturday. Witman's, 410 N. Main.

FASHIONS

A consoling feature about the season's crop of hats is that everything is good! Never has there been so extensive a scope in lines. If you see an exaggerated shape, you are sure to glimpse a simple straight-lined hat near by. Those illustrated here, all the latest models shown, give an idea of the variety from which madame may choose.

FARM CENTER TO OPEN FALL SESSION

VILLA PARK, Sept. 23.—Villa Park Farm center will meet at the hall today instead of Wednesday, September 28, in order not to conflict with the opening of the fair at Huntington Beach.

Everyone is invited to attend the first meeting of the Farm center for fall session.

Mr. and Mrs. Ray Billingsley returned from spending a few days at Long Beach.

Mr. and Mrs. Henry Chandler and family have moved to the Jessen ranch.

The P.-T. A. met at the school last Friday afternoon at 3 o'clock with a very good attendance. The same officers were elected for another year:

President, Mrs. C. McCullom; vice president, Principal L. R. Jones; secretary and treasurer, Mrs. W. Smith.

Mr. Jones gave a very interesting talk on the plans for the coming year and that assistance in carrying some of them out would very acceptable.

Last Friday evening the Young People's society held a business meeting and social at the hall, where they spent a very enjoyable evening.

Saturday afternoon C. A. Knuth and his guests, Geo. Gotsch, F. J. Mollica, J. Mollica and A. R. Reich left for the Knuth cabin at Idyllwild, where they spent Sunday.

Early Sunday morning they started out to see the sights and returned at noon to a chicken dinner. They all report having had a fine time.

Miss Bernice Brenner, who is a senior in Los Angeles high school, spent Sunday with her mother, Mrs. Henry Chandler.

Mr. and Mrs. Ray Godwin and Mr. and Mrs. Claude Jasper, of Santa Ana, were callers at the home of Miss Elizabeth Lee on Sunday afternoon.

Mr. and Mrs. Leon Rice and Mr. and Mrs. Clarence Geldert, of Los Angeles, and Mr. Hillier, of San Diego, were Saturday night guests at the home of Mr. and Mrs. Ray Billingsley.

Mr. and Mrs. Frank Funk, of Monterey, and Mr. Bergath, of San Diego, spent Sunday with Mr. and Mrs. Billingsley. Mr. Bergath is Mrs. Patterson Billingsley's father, and is on his way to Monterey to stay with his other daughter, Mrs. Funk. He is slowly recovering from his recent severe illness.

Mr. and Mrs. Homer Ford and son, Bobby, of Lancaster, spent a couple of days with his mother, Mrs. L. R. Ford.

BRITISH SHIPMASTER WILL VISIT AMERICA

LONDON, Sept. 23.—Lord William Pierre, head of Harland & Wolff, Great Britain's greatest shipbuilding concern, sailed for the United States on the Adriatic. He told a correspondent that he was going to see what the American shipbuilders are doing and to compare their work with the British and also to see whether American competition is likely to be dangerous.

Lord Inverforth, late Minister of Munitions and a great shipowner, also sailed on the Adriatic. He said that he was going only for a holiday. It is reported here that there is a possibility the Lord Pierre and other shipping capitalists may acquire interests in American yards.

Sir Thomas Lipton, who had a long conversation with Lord Pierre, before the train left, said that he is going to America shortly to discuss plans for another yacht race.

LA HABRA

LA HABRA, Sept. 23.—F. E. Proud arrived home Monday evening from a hunting and fishing trip to the northern part of the state, where he, in company with Dr. Charles Millan, of Whittier, and J. G. Saragant, of Brea, have been for the past two weeks.

Proud got the limit in deer and brought home enough to supply his less fortunate friends. The party packed in from Chico and were close to nature's heart for several days, camping on one of the large streams in that vicinity. Their larder was always well filled with gamey trout.

The party report one of the best trips of many taken by this trio.

Fred A. Mills and his wife are conducting a series of evangelistic meetings at the Methodist church here. Mr. and Mrs. Mills conduct the song service which is far above the average. The Rev. Grant Smith's forceful truths are straight from the shoulder. A picnic supper and meeting for the young people of the community is to be a feature of the services.

Samuel Stoop and daughter, Mable, arrived home from a three months' visit at their old home in Pennsylvania the last of the week. While away the Stoops enjoyed every day of their visit, renewing old acquaintances and visiting old haunts. They are very glad to be back in California again.

Another family that thinks there is no place like California is that of Mr. and Mrs. W. Rhodes, of Florence avenue, who arrived here Monday evening from Wisconsin, where they have been spending the summer at Tewaue, Wis., and in Michigan. The mother of Mr. Rhodes and Mrs. Julia Mills, of Pasadena, accompanied them home. Mrs. Rhodes is 84 years old and this is her first visit to the coast. She will make her home with the daughter, Mrs. Mills, at Pasadena.

The P.-T. A. will hold a called meeting to arrange a teachers' reception soon. The president, Mrs. W. Snow, will also outline the year's work, and the permanent committees will be arranged for.

IRVINE

IRVINE, Sept. 23.—Mr. and Mrs. Ira Peters spent Sunday in Los Angeles.

Misses Juanita and Marguerita Ortega attended the Temple theater Wednesday evening.

One of the poultry yards here was surprised by a visit from an opossum. How one came to be so far from his native haunts is a mystery here. While Mrs. C. Graves was getting some excelsior out of a sack to fix some hen nests, she found a young opossum curled up in the sack. Ira Peters, the agent, was the "hero" in killing it.

Mr. and Mrs. Clarence Forbes and family recently visited friends in Santa Barbara.

Dr. Mark C. Myers, Urologist.

ELKS TO RAISE FUND FOR BASEBALL TEAM

ANAHEIM, Sept. 23.—Next Tuesday night the Elks are going to hold an athletic carnival at Al Sparks' farm for the purpose of raising funds with which to send the baseball team to Santa Cruz, where they will play the San Francisco team for the state championship.

It will cost the Elks considerable to send their team to Santa Cruz. They have a good team and they want to send it in proper style to the state series. Due to the heavy expense under which the lodge has been laboring the necessary funds will have to be raised. When the matter was put up to Al Sparks he promptly put up the use of his arena.

One of the best entertainments ever offered in Anaheim will be provided by the lodge. They are already busy signing up men for the big time and in short time the full card will be announced.

The affair will be held next Tuesday night.

TALBERT

TALBERT, Sept. 23.—Mrs. Berry Stice, of Santa Ana, and her husband's parents, Mr. and Mrs. Stice, who are here for a visit from their home in the East, were Friday visitors at the L. T. Wells home.

Mr. Stice remained over night and on Saturday accompanied Wells to Santa Ana, where they attended the bee meeting at the Farm bureau.

Mrs. L. T. Wells received word the first of the week from her brother-in-law, Dr. E. G. Moranville, that he is returning to California and will start September 25. He plans on making the trip through Red Cloud, Nebraska, with his cousin, who is returning to his home at Palm Springs.

Mrs. E. A. Moranville, mother of Dr. Moranville, will come by train, leaving Red Cloud upon a date which will put her at her destination about the same time of her son's arrival. The Moranvilles went East in June, after spending the winter and spring here.

Mrs. M. L. Thurman went to Bolinas last Saturday to remain for a time at the home of her daughter, Mrs. Ben Rogers.

Robert Wardlow and Ray Wardlow motored to Los Angeles for the day Monday.

Arthur Selleck, who a short time ago left here, returning to his former home in Arizona, came back last Sunday.

Mr. and Mrs. Harry Harper spent the week-end at San Juan Hot Springs.

Mr. and Mrs. S. E. Talbert visited little Jack Cavanah at the Community hospital. Jack is the little boy who sustained a broken leg Thursday of last week, when he ran in front of Talbert's machine while playing on the road to school. He is doing very nicely.

Mrs. Robert Wardlow and small son, Donald, have fully recovered from their illness of last week.

CYPRESS

CYPRESS AND HANSEN, Sept. 23.—The many burglaries that have taken place in the last few weeks in this section have aroused the people to action. There has been much investigation and several Mexican camps are under surveillance.

G. G. Priddy has as his house guest his sister, Mrs. V. Smith, of Fort Worth, Texas.

Earl Neely has resigned his position at the beet dump to enter Anaheim high school.

The Masons of this section were highly entertained by the ladies of the P. E. S. at the Buena Park Masonic temple last Monday evening.

Mr. and Mrs. M. G. Chase and Mrs. Stella Hollingsworth are on a motor trip to the Yosemite.

Mrs. M. B. Fagan is having a modern cottage erected on her property on Lincoln avenue.

STAGE BIRTHDAY SURPRISE PARTY

WINTERSBURG AND SMELTZER, Sept. 23.—Mrs. Wilfred Lewis was the surprise honoree on Saturday evening at a card party given in honor of her birthday anniversary, which occurred the following day.

Out of the situation, an outstander who planned the affair arranged with Mr. and Mrs. Lewis to accompany them to Long Beach that evening, and Mrs. Lewis, all unsuspecting, planned for the trip in all good faith only to find herself at the moment of starting surrounded by her plotting friends to the number of twenty-one, ready for a social evening at her home.

The most tempting refreshments of ice cream and cake were brought along by the self-invited guests, and this was served about midnight.

The couples, with their families present, were:

Mr. and Mrs. Mansur, of Hemet, Mr. and Mrs. Walker, Mr. and Mrs. Frazier and Mr. and Mrs. Henry, of Santa Ana, and Mr. and Mrs. Crane, of Huntington Beach.

The large Golden West threshers began operations for the season Monday as scheduled, having pulled out from its quarters at the warehouse at noon. The first crop being threshed is R. Z. Draper's, and the beans are being stored

RAILWAY PROBLEMS
MOOSE JAW, Sask., Sept. 23 — Speaking on behalf of Canadian railroads, President E. W. Beatty, K.C., of the Canadian Pacific railway, told his hosts the board of trade the Rotary and Kiwanis clubs that there are three main essentials to be considered in connection with the problem, viz., protection of property,

so that the character of service may not depreciate; the maintenance of the kind of service the public demands; and the continuance through a satisfactory earning power of high credit so that money may be forthcoming to enable the companies to meet the future transportation necessities of Canada.

LUMBER FOR SAN PEDRO
VICTORIA, B. C., Sept. 23 — A shipment of 2,000,000 feet of spruce and hemlock is being prepared for

San Pedro by the Whalen Pulp and Paper plant on the west coast of Vancouver Island. Spruce is selling well in the South as its lightness is appealing to the builders.

DEALING WITH LAWLESS MEXICANS

Two more officers of Southern California have been killed in attempting to arrest Mexicans. It was but a few days ago that the sheriff and a deputy of Ventura county fell; yesterday, two of the deputies of the Riverside sheriff's office were shot down.

This kind of thing may be duplicated in Orange county any day and any hour. It was by the mere quickness of wrist and finger that Officers Moncriel and Ryan of Santa Ana saved themselves from death less than a week ago.

Not to emphasize the details of these tragedies, but to insist that officers be ever upon their guard and to point out to citizens in general the necessity of backing up the officers, attention is called to a situation that has grown weekly more serious.

No adequate check is kept upon the coming and going of lawless Mexicans. To them, the border is indeed an imaginary line. An effective control at the boundary and quick and easy methods of deporting undesirable Mexicans are outstanding needs.

The sale of firearms to Mexicans should be stopped and the heaviest possible sentence for carrying of concealed weapons should be imposed by every justice of the peace in the southern part of the state. During the war, the Mexican's habit of packing a gun was effectively checked throughout this end of the state, but in the past year or two, possibly through lack of attention by officers, gun-packing has again become prevalent among "bad hombres."

The Orange county sheriff and his deputies are to be commended upon the campaign they recently started in which they began ferreting out Mexican gun-packers.

Systematic searching of yards of Mexican quarters in this county in search of marijuana, a shrub, the smoking of which turns peaceful Mexicans into irresponsible fiends, is an important factor in control of lawlessness among Mexicans. Orange county officers, more than any others in the state, have realized the menace this weed is, and ordinances are in effect here making possession of it a misdemeanor.

Special officers, to watch the Mexican situation, ought to be appointed in every county in Southern California.

Any time situations develop by which a lawless Mexican gets the idea that he may steal, pack a gun and shoot up officers with impunity, there is trouble abroad. For the past year too little attention, we suspect, has been paid to the growing activities of this kind of Mexican, and as a result he has gotten an idea that he may act here as he has in Mexico and "get away with it."

Special officers to keep a continual watch on the coming and going and general activities of suspected Mexican criminals ought to be named in every county in Southern California. That is a step that should be taken immediately.

And in dealing with lawless Mexicans, it behooves officers to shoot and shoot quickly when occasion arises—to keep their eyes open and their hands on their six-shooters.

GOOD NEWS FROM SANTA

Retailers are looking for a good Christmas — a pre-war Christmas — according to a trade survey. They are laying in stocks of dry goods, jewelry, toys and all sorts of gifts "on a most hopeful scale."

It is said further that retail prices will average considerably lower than last year, and indications are that the holiday trade on the whole will be much larger. This cheerful message from Santa Claus is taken as a fairly dependable indication that the industrial revival the country over is at hand.

This news should encourage the discouraged citizen everywhere. It is but another indication that the country at large is making its way back to normal.

WRONG METHOD SUGGESTED

The Board of Public Safety of Louisville, Ky., has served notice on all citizens to remain away from a proposed meeting of the Ku Klux Klan and has warned owners of public halls not to rent their places to the Klan. The proclamation states that if any attempt be made to hold the meeting in defiance of the order, "any person who attempts to attend it will be regarded as an unpatriotic citizen and a law violator and will be dealt with accordingly."

The spirit behind the issuance of this notice is undoubtedly of the best and inspired by the highest American sentiments. But the method indicated is wrong, and wholly un-American.

Freedom of assembly is guaranteed every American by the Constitution of the United States. Any attempt to contravene this fundamental right does more harm than good. If the Ku Klux Klan is really as destructive an institution as recent exposures would seem to suggest, certainly no good citizen wants its members put in any position where they may pose, with justice, as martyrs before the bar of public opinion. Nor does he wish to drive them still further into hiding, to give them an excuse for secrecy and conspiracy.

If the Klan, or its members, can be proved to have violated laws under which they can be condemned and punished, action can be taken against them by established processes of law. That is all very well. But under any circumstances their constitutional right to assemble stands. Two wrongs can never make a right.

The Ku Klux Klan by its own acts and methods has condemned itself in the eyes of the great body of American citizens. But the organization, however guilty it may be of having employed un-American tactics, cannot be gotten rid of by fighting it in an un-American way.

CHILDREN AND WARS

It is almost three years since the signing of the Armistice brought a cessation of actual warfare in Europe. Much of the worst suffering caused by the war has been relieved. Starving children have been rescued and started a little way on the road to health. It is reported that the American Quakers who have been doing a noble work in Germany are soon to withdraw to devote more attention to relief work in other parts of the world where the need is more urgent.

In spite of these gains it is still possible for a visitor to Pankow, where a children's camp has been in operation all through the summer, to describe most when they need it. Only they don't need it in Boliv-

pitiful scenes. There are still anemic, underfed children, children with rickets and eczema, with ugly skins and deformed little bodies—all the aftermath of war.

Pankow is not the only place where this terrible result of war can still be observed. Other cities, in Germany and in other countries, have their quota of miserable children, some of whom may become strong and whole, but many more of whom will go through life handicapped by the evil start in life which war gave them.

It would be well if delegates to the Washington armament conference could be made to think of the little children of the world while they are weighing their arguments for or against the limitation of armament.

Now Comes Football Season

Long Beach Press

Even before baseball makes its exit, football begins to enter. The grid squads are tuning up in high schools, colleges and universities almost without number. Interest in this game is intense, and increases in intensity with each recurring season. It has been made a game of skill and cleverness, as well as of muscular strength, and the roughness in it has been outlawed, to large extent—although, from its very nature, it is no parlor pastime.

The baseball season is nearing its end. There is an exciting situation in the big leagues, and also in the Pacific Coast league. Here at home, the coast championship is within striking distance of four, if not five, clubs. Los Angeles, which recently displaced San Francisco in first place, bids fair to take the pennant. But a slump of even a few days might lose them the coveted bunting. As this is written, San Francisco is but five percentage points below Los Angeles; Sacramento is but five points in the rear of San Francisco; Seattle is but thirteen points back of Sacramento; and Oakland is but thirty-four points in the wake of Seattle; Vernon is nine points lower than Oakland. And so the merry race goes with the season only two more weeks to run.

Lessons of Disasters

Pasadena Star-News

Texas is in the shadow of a flood disaster. The loss of life is heavy. Property damage is estimated in the millions. The historic old city of San Antonio is heaviest sufferer from the wrath of the elements. Rainfall in different parts of the state was startlingly heavy. Small streams were turned into raging, death dealing torrents.

In the wake of the disaster came the usual features of catastrophes in this country. There were almost countless instances of heroic action in rescuing the imperiled as the mad waters, coming on the wings of the horrifying midnight, wreaked death and destruction. And there was and is the usual prompt and nobly generous extending of relief to the injured and homeless. The godlike traits of human nature shone resplendently above the wanton cruelty of the elements.

A few months ago it was Pueblo, in Colorado, that was stricken by flood—now it is San Antonio, in Texas. Next may be some city in some other state. And this impresses a lesson—these disasters will recur, so long as scientific flood control systems are not established in all streams in the country, subject to sudden and impetuous rise, such as rivers and creeks in Texas and Colorado and here in California, as well as in other states. It is inexcusable folly to go on from year to year, gambling with human life and with property, and with cities and towns are left to the mercy of floods. One of the very best forms of economic investment this country can make is, to control its floods.

Post Office Business Big

Pasadena Star-News

The United States postal service is the biggest distinct business in the world, says Will H. Hays, Postmaster-General. It has 300,000 employees and more than 100,000,000 Americans are its patrons. Besides handling billions of letters and papers annually, the postal service carried more than 2,000,000,000 packages last year—the biggest express business in the world. The service also has the largest savings bank in the world, in number of depositors. It is reassuring to learn that Mr. Hays is stressing the merit system in postal affairs and is advocating the adoption of business principles throughout. This should be. It is essentially business, and should be regarded as such and operated accordingly.

Even though complaints of poor mail services are not infrequent, yet notwithstanding the things accomplished in transporting and distributing mails are near magical. One may post a letter, properly stamped, in the humblest village or rural district in the land and within a short time it reaches its destination, mayhap in a distant state or in some foreign country. Swift and safety, for the most part, mark the handling of the enormous volume of mail in the United States.

Remarkable though the mail service is, the people welcome improvements. Particularly is it desirable to divorce the service from partisan politics and to conduct it on the same principles that a great successful private business enterprise is conducted.

Business Fast Reviving

Pasadena Star-News

Retail trade is brisker, reports from all over the country indicate. Vacation period is ending with a buying impulse on the part of the people. Retail dealers have stocked up generously and their judgment in doing so is vindicated. There is healthy demand for staple commodities. As the people buy in greater quantities, the retailer goes back upon the wholesaler with larger orders, and the wholesaler, in his turn, goes to the manufacturer for bigger reserve supplies. This, of course, gives stimulus to manufacturing. And as manufacturing revives, more men out of work are given employment. And as the people spend more heavily in judicious buying, more money is put into circulation and the whole economic process is quickened.

There is good and sufficient reason for a revival in buying. Retail prices have come down, to rock bottom as to many commodities. The people have incentive to buy now.

DRAUGHTS AND DAMPERS

Dampers and checks. They are also savers. Attached to a heating apparatus, they check the draughts and save the fuel. And they are very essential. An open Damper on a furnace might so heat things up as to cause an explosion or a fire. On the other hand, it might be so turned as to put out the fire in the furnace.

This is just as true concerning the Dampers that regulate your actions and, so, make up your character. For human beings have Draughts and Dampers—and there's a Damper for every Draught.

Remember to use your Dampers. Thought is a Damper. So are judgment, and conscience, and duty, and experience. And there are many others.

Study your Draughts. Enthusiasm, energy, will, power, money—there's a Damper for every one. If you use them intelligently, it means power. If you forget to use them at all, it means explosion—fire—ruin, perhaps.

If enthusiasm sweeps you off your feet, turn on the judgment Damper. If power threatens to make you thoughtless, reckless, turn on the conscience Damper. Remember always that you have Dampers.

But don't let anyone else use them! Don't let anybody else turn any Dampers on your enthusiasm, your ideas, your plans or your work. Run your own Dampers. Study them with great care. It's knowing exactly when and how to use your Dampers that makes the difference between success and failure for you.

The Velvet Hammer

A city, like a motor car, is sometimes out of luck, and with an extra heavy load is likely to get stuck. "Is then her driver's mettle is proven by the zeal which he takes to boost her, with a shoulder to the wheel."

In our city's onward marching, all the powers of progress scored with Everett White as president of the city realty board. With a vision for the future, such as man has seldom seen, he works to make our city, the southland's future queen.

The final outcome of his dream is not for smiles or laughter for Everett is successful in the thing that he goes after. Since the realty board's position is his boast and eke his pride, he'll take the time to sell you homes and ranches on the side, and his selling conversation is a lyric loud and great when he starts upon his hobby, Santa Ana real estate.

A CANADIAN BOAT SONG

Faintly as tolls the evening chime
Our voices keep tune and our oars keep time.
Soon as the woods on shores look dim,
We'll sing at St. Anne's our parting hymn.
Row, brothers, row, the stream runs fast,
The Rapids are near and the daylight's past!

Why should we yet our sail unfurl?
There is not a breath the blue wave to curl;
But, when the wind blows off the shore,
Oh! sweetly we'll rest our weary oar.
Blow, breezes, blow, the stream runs fast,
The Rapids are near and the daylight's past!

Utawa's tide! this trembling moon
Shall see us float over thy surges soon.
Saint of this green isle! hear our prayers,
Oh, grant us cool heavens and favoring airs.
Blow, breezes, blow, the stream runs fast,
The Rapids are near and the daylight's past!

Do You Need a Boss?

Forbes' Magazine

The kind of worker every employer wants is one who doesn't need any bossing. All through this period of shrinking business and shrinking employment, employers have had to do a lot of serious thinking as to which employees to let go and which to retain. The recession has gone so far that most concerns have had to lay off not merely incompetent and indifferent workers, but, quite a few of real merit. Some of those laid off have unquestionably felt that someone else should have been the victim. Now, it is safe to say that employers and executives have been very largely guided by this simple rule: Which employees need bossing; which don't?

It costs money to supervise workers. Bosses draw relatively high pay. Many millions of dollars have to be spent by large concerns in paying salaries to bosses and under-bosses for keeping their eye on workers. And, unhappily, the percentage of workers who need supervision is large.

We all aspire to progress—or at least we ought to. Well, we are little likely ever to reach the position of a boss until we first cease to need a boss. If you demonstrate to your employer—and keep on demonstrating, if need be, for a very long time—that he doesn't have to employ anyone to keep you up to the scratch, he is likely to conclude some fine day that you don't need supervision and are capable of supervising others.—Forbes Magazine (N. Y.).

For Good Measure

By the Editor

I've been hoping and praying that someone would write to the Register's "Forum" to protest against the proposition of lining the streets of Santa Ana with walnut trees.

With all due respect for the opinions of those who favor the proposition, I am opposed to it—and I have heard many others express themselves to that effect.

All recognize the points in favor of walnut trees, such as fruitfulness, providing shade in summer and letting the sun through in winter. But what about all-the-year round beauty? That is the prime consideration. Walnut trees are bare in winter. They would give the streets a stark and bleak appearance. And for two or three months following the first of September they would keep the sidewalks and streets strewn with leaves and twigs, giving them a very untidy appearance.

On the other hand, there are many evergreen trees that are beautiful in form and color all the year, and which shed so little and so slowly that it is easy to keep street and sidewalks clean.

By all means let us have intelligent supervision and control of street trees, but let us not forget that beauty is the first consideration in that respect.

Out of the great mass of matter in the newspapers and magazines—and heard from pulp and platform, too, for that matter—it is rather difficult to garner the few grains of wheat. So it is with gratitude that we garner this from an editorial in Collier's Weekly:

The annual indemnity that Germany is called upon to pay on account of war damages—the annual amount that Germany once cried out against as "soul crushing"—is scarce more than the annual naval expenditures of America or Great Britain or Japan, and is far less than the combined naval and military expenditures of either America, Great Britain, or Japan.

What the Germans must pay on reparations cannot now be set down exactly, for there is not only a fixed sum in cash, but also an indefinite figure based upon German exports. Expert statisticians, however, are generally agreed that the amount will run between \$700,000,000 and \$800,000,000 a year for the next few years.

No such uncertainty exists with regard to American armament costs. The figures are hard and fast. On April 30 Secretary of the Treasury Mellon presented his estimate of disbursements for the fiscal year ending June 30, 1922, and these figures stood out above the rest: War Department, \$1,027,750,000; Navy Department, \$697,500,000. That is a total of \$1,725,250,000, as compared with Germany's "soul-crushing" indemnity of seven hundred or eight hundred millions a year.

In connection with the editorial in Collier's, entitled "The Way To Stop Is To Stop," is printed the following coupon, which I am impelled to urge Register readers to sign and mail:

Tear off along this line

To the President of the United States,
The White House,
Washington, D. C.

Dear Mr. President: As a citizen, I heartily indorse your action in calling the Disarmament Conference. I ask that it be opened by a definite proposal on the part of the United States to all nations to stop building warships at once, and I ask that the conference be public so that all peoples will have the right to see and hear and judge.

CHAPTER 148.
GAWKIE THE MULE SHAKES HANDS WITH BILLY BEAR.
By Harvey Elliott.

We haven't forgotten about Billy Bear. But I am sure you will want to get acquainted with all of Billy's friends as we go along. That is why we have been telling you about the Deer and the Elk and about the tricks of Skinny Fox. Billy Bear hasn't been asleep all this time. No, siree! He has been very much awake and I want to tell you some of the things he has been doing.

Well, while Tommy Smith and his father and the neighbors were on the Fox hunt that day, Billy was looking after the things over at the Smith farm. Mother Smith had gone over to the neighbors to spend the day with the women while the men were away. Maybe you don't think that Billy Bear had his hands full looking after the farm? Billy was very cautiously at first. He wanted Old Bossie Cow, and Old Mother Pig and that old cackling Rooster just to attend to their own business and pay no attention to him. He wasn't intending to bother them in the least if they would attend to their own affairs.

Billy ventured as far as the barn. He couldn't see anybody about and decided that there was no one at home. He had never been in the barn before and went in to see what things there that he did not know existed. The things that interested him most was one of Farmer Smith's mules that was left tied in the stable that day. Billy hadn't seen such a homely thing since the day Old Bossie Cow bawled in his ear. Billy was around where he could get a good look at that mule. He just stood there and laughed. He saw that he had his head tied to the manger and he thought he could go as close as he wanted to.

"Hello, Gawkie," said Billy as he stood looking in the mule's face. "Wonder what they made you out of, eh?" Gawkie the Mule, for that is what we will call him now, Billy, but kept on chewing at his hay. Billy walked a little closer and old Gawkie began to be suspicious. When Billy got as far as the manger Gawkie pulled back on his halter strap and gave a snort that you could have heard clear over to the orchard. Billy would have been scared if he had not known that Old Gawkie was anchored down with that halter.

"Wish you wouldn't blow your nose in a fellow's face," said Billy, as he wiped the mule's spit off his cheeks. "You ought to use your handkerchief when company is around." Then Billy picked up an old gunny sack and handed it to Gawkie and told him to wipe his nose on that. That frightened Gawkie still more, and he yanked back on the halter strap so hard that it is a wonder that it did not break.

"What are those big shovels on the top of your head good for?" continued Billy, as he looked at Gawkie's ears. "Suppose that is what they use to throw down the hay from the hay mow." The only answer Gawkie gave was another snort.

Billy had gotten a pretty good view of Gawkie's front end and he wondered what he would look like on the other end. So Billy proceeded to walk around behind. By this time Gawkie had stopped up to the manger and cocked his head around to watch what his strange visitor was going to do back there.

"Some tall, I'd say," said Billy. "How will you trade with me?" But when Billy turned to show Gawkie where his tail ought to be Gawkie reached out and plunked Billy on the head. "Plunk! That mule put his kicking end into operation, took aim and fired! It was a good shot, too. He plunked Billy right on the soft place on his side, and the next thing Billy knew he was lying over against the barn with an awful stomach ache. Billy Bear had stepped up to the manager and cocked his head around to watch what his strange visitor was going to do back there.
